# Jury Hands Down 25 Indictments

The Pickaway County Grand jury returned 25 indictments and 12 no bills in its January session. They examined 25 witnesses covering 37 cases. The jury reported at noon yesterday.

The Grand jury is also required to examine the County jail for its state and condition and inquire into the discipline and treatment of prisoners, and their habits, diet and accommodations. They found that the rules have been prescribed with the faithfully kept and observed. No laws have been violated.

They recommended the broken windows be repaired and the padding removed from the padded cell, in the jail.

Indicted were Rollie Tigner, operating a motor vehicle while intoxicated (OMVI); Darrel

Wertman, OMVI; Leona Cummins, issuing a check with no account, Robert Burgett, failure to provide for minor children; Loretta M. Seyfang, OMVI; Warren Streitenberger, OMVI, and Dale Follrod, failure to support minor children.

Raymond Eugene Hedges was indicted on three counts of uttering a forged instrument; Patricia Ann Hedges, forgery; Ray Frazier, failure to provide for minor children; Sammy Fausnaugh, obtaining property under false pretenses, and Homer Anderson, failure to provide for minor children.

Woodrow Johnson, issuing a check with no account; Clyde M. Hiles, OMVI; Van Roark, OMVI; Paul D. Moore, failing to stop after an accident; Earl Joseph Roberts, breaking and entering and uninhabited building in the night season and grand larceny, and Frances Hedges, two counts of forgery.

Herbert Wright, failure to provide for minor children; John Stiers, OMVI and operating a motor vehicle without an operator's license completed the indictments.

THE 20 DEFENDANTS will be arraigned at 10 a. m. Saturday in the Pickaway County Common Pleas Court.

No bills were returned against Roy Lake, assault and battery; Clyde Azzell, assault and battery; Clyde Sampill, Jr., selling mortgaged property; Ishmael Wiggins, OMVI; James D. Gray, OMVI;

Walter Myers, rape; Joseph Hickey, assault and battery; Roy Dale Ward, rape; John W. Wright, shooting with intent to kill; Richard Jackson, malicious destruction of property and Paul D. Moore, OMVI.

## Gavin Sticking To His Decision

General Tells Senators He Plans To Retire

WASHINGTON (AP)—Lt. Gen. James M. Gavin, Army research chief, told senators today that his decision to retire March 31 is "final" despite Pentagon offers of choice assignments and promotion to four-star rank.

"I can do better for the Army outside than in," Gavin said in stating his position to a closed session of the Senate Preparedness subcommittee.

Afterward, Sen. Jackson (D-Wash.) indicated he had received the impression that Gavin was chiefly unhappy about what he felt were insufficient funds for Army research.

"He isn't interested primarily in a promotion," Jackson said. "He knows he could not with integrity defend this year's Army budget for research and development."

Sen. Symington (D-Mo.) said Gavin spent much time testifying to the superiority of the Soviet's ground forces, both in numbers and weapons.

WHILE THE U. S. Army has been cut back funds and manpower to some 15 divisions, Symington quoted Gavin, the Soviet has 175 modern divisions of ground troops, many of them mechanized and equipped with modern weapons.

In advance of the hearing, two senators, Stennis (D-Miss.) and Goldwater (R-Ariz.), urged the general to reconsider. Several other members of Congress have made similar statements.

Secretary of the Army Brucker said Gavin had been offered two ways in which he could reach four-star rank as an inducement to remain in service.

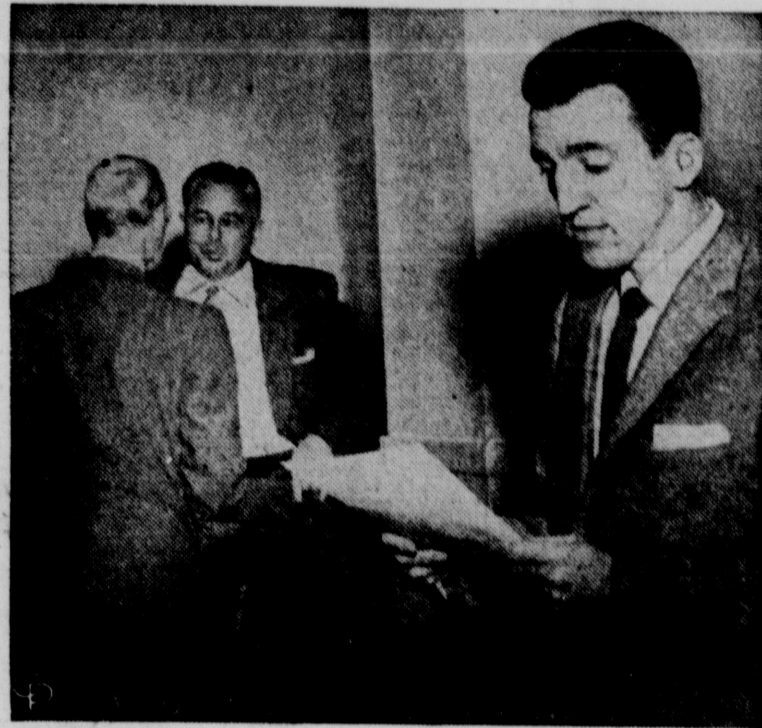

The 50-year-old general is chief of Army research and development, which includes the Army missile program. He disclosed his retirement plans last weekend, and indicated his decision was partly a protest against what he called "the Pentagon system."

## Prize Tractor Kills Dad, Son

ALMA CENTER, Wis. (AP)—An 18-year-old youth who had been operating the family farm since his father was killed in a tractor accident last June was crushed to death by the same tractor near here Tuesday night.

The body of Larry Cummings of Alma Center was found in a field by a brother-in-law. The boy apparently had been caught in the power take-off and crushed as he stepped off the tractor to check the manure spreader it was pulling.

Wilbur Cummings, 45, the youth's father, was killed June 24 when the tractor crushed him in a machine shed. The father had used the tractor to win the Jackson County plowing championship.

OWN "DEATH" ATTORNEY — Caryl Chessman, who has been under gas chamber death sentence for nearly a decade, checks a document in Los Angeles court as Judge Charles Fricke (far left), who sentenced him to death, confers with J. Miller Leavy. Chessman is acting as his own attorney in this, one of a long chain of legal maneuvers which has kept him alive past eight death dates. He was convicted of robbery-murder.

## Council Passes Temporary Appropriation Ordinance

Temporary appropriations totaling \$79,778 in the general fund were OK'd last night by City Council.

The solons also appropriated \$87,320 for use of the water department, \$43,770 for the sewage treatment department, plus \$27,100 for street construction and maintenance and another \$1,000 for traffic lights, signals, signs and markers.

The temporary appropriations are designed to give city departments enough money to operate until the end of March at which time a permanent appropriation ordinance will be passed.

This is a new system of operations for the city. Formerly the annual appropriation ordinance was passed during December of the preceding year. Council had an appropriation ordinance before it December 17, but not action was taken.

UNDER THE plan, new councilmen will have an opportunity to go over appropriations and city officials will have a chance to lay

out spending programs for the year for presentation to Council.

When all information is in, the lawmakers will be able to pass appropriations for each department. The lawmakers also adopted a resolution accepting the 1957 tax isolation needed to complete programs later in the year.

The lawmakers also adopted rates for the city, as set up by the Pickaway County Budget Commission.

## Small Business Tax Aid Sought

Ohio Solon Confident Congress To Assist

WASHINGTON (AP)—Congress heard urgent pleas today for tax relief for small business.

Spokesmen for regional and business groups told the House Ways and Means Committee in prepared testimony that federal tax burdens are proving too heavy for many businessmen to carry in a period of economic recession.

The committee, which started a tax revision inquiry Tuesday gave priority to the tax problems of small business in its scheduled five weeks of public hearings on changes in basic tax policy.

Rep. McCulloch (R-Ohio) said at the outset of the hearings that small businessmen stand a good chance of getting some tax relief from Congress this year.

The Ohioan said he feels there is sufficient sentiment in this direction to pass such a law.

SMALL BUSINESS was defined by McCulloch as any concern, including farms, employing 500 or fewer persons.

McCulloch said he is aware that the current approach in the Eisenhower administration is against reductions in taxes. But he said he takes that to mean across-the-board reductions in income taxes.

McCulloch wanted a bill, similar to one he authored, that would make certain technical changes in the tax law giving small businessmen new benefits.

An example of this would be to allow inheritance taxes on a small business property to be paid in installments over a 10-year period.

Other proposed changes would be fast depreciation on used as well as new facilities, and larger tax deductions on investments in small businesses that fail.

## 225 Bills Offered As Congress Opens

WASHINGTON (AP)—Congressmen introduced about 225 new bills on the opening day of the new session.

The House clerk's office reported this was about normal for the start of a second session of Congress, but enough to keep House assistants counting and numbering bills into the night.

Market owners in four California counties last year had \$1,671,750 worth of carts stolen. The carts disappear at the rate of 1,000 a week. More than 55,000 carts were taken in the area last year.

One chain of 36 grocery stores said it lost an average of \$6,000 worth a month. The carts cost about \$30 each.

"Most of the carts are pushed away by our customers," one store detective said. "However, we've caught gangs of thieves who make a living peddling the carts (with the store names scratched off) to unethical merchants, junkyards and others."

Chuck Titus, past president of the California Food and Drug Special Agents Assn., said cart-napping is a serious problem.

"If we find some lady using a cart to carry her laundry to the clothesline, she tells us she

## News In Brief

### France Asked To Check on U.S. Jet Pilot

PARIS (AP)—The U. S. Embassy today asked France to get information on an Air Force jet pilot forced down in Communist Albania.

The pilot apparently is Maj. Howard J. B. Curran of Pratt, Kan., who disappeared Dec. 23 in a T33 jet trainer on a flight from Chateaufort, France, to Naples.

The United States has no diplomatic relations with the Soviet satellite on the Adriatic, but France has a legation there.

A French Foreign Ministry spokesman said so far the American Embassy had asked only for information on the jet pilot and his plane, not for the French to take action to secure his release. The Americans apparently were waiting for confirmation of his identity and to learn the circumstances of his downing.

Radio Tirana in Albania said Albanian jet fighters forced down a U. S. T33 which trespassed on Albanian territory. It added that the plane came from the direction of the Greek border, and was headed toward Tirana.

JERUSALEM, Israeli Sector (AP)—One week after his Israeli government resigned because of a breach of Cabinet secrecy, Premier David Ben-Gurion and the same five political parties were back in office today.

The new government won a confidence vote from Parliament Tuesday night 76-33 after Ben-Gurion expressed certainty that secrecy would not be broken again.

PARIS (AP)—NATO's Permanent Council today recommended that Western Germany continue support payments for British troops in Europe.

West Germany had asked Britain to drop her demand for continuation of these payments of 50 million pounds—40 million dollars—a year. Britain refused to do so and took the case to NATO.

The recommendation now goes to the two governments for final settlement.

TAIPEI, Formosa (AP)—Retired Maj. Gen. Claire L. Chennault left Taipei tonight for Washington and a checkup at the Walter Reed Hospital. Cancer is eating away his left lung.

The 67-year-old wartime com-

### Florida Forecast: Snow Flurries

MIAMI (AP)—Snow fell in many north and central Florida towns today and the forecast included snow flurries for the first time in the state's history.

There was enough snow at Blountstown in northwest Florida for children to make snowballs, but in most places the flakes were melting as fast as they fell.

Snow was reported as far south as Lakeland in central Florida.

Temperatures plunged into the mid 20s in north Florida and colder weather was predicted for the entire state tonight.

### Hereford Pioneer Dies

ZANESVILLE (AP)—Howard E. Herron, 74, of near Chancellersville, a cattle breeder who with his father brought the first Hereford stock to Ohio more than 50 years ago, died today.

## Hargus Rezoning Issue Revived

The controversial Hargus Creek shopping center rezoning issue came up before a brand new City Council last night.

An ordinance calling for the rezoning of about nine acres of land, lying just north of Hargus Creek and west of Pickaway St., from Class A residential to Class C commercial was introduced. It was referred to the Planning and Zoning Commission—routine for rezoning matters.

There is one change from the original rezoning proposal which was defeated here in July 1956. The new ordinance calls for rezoning the area bounded by Hargus Creek on the south, Pickaway St. on the east, Krimmel Alley on the north and Spring

Alley on the west. The former western boundary was Court St.

The latest proposal, apparently is for the same purpose—construction of a supermarket and possibly several other stores—a shopping center.

The matter first came to issue Feb. 22, 1956 when the Council referred the matter to the Planning and Zoning Commission. Later the commission recommended the area not be rezoned and Council, by a 5-2 vote, refused to rezone the area, both decisions after heated public hearings.

It is reported that a Columbus real estate firm is interested in buying the area for development, particularly for construction of a modern Kroger supermarket.

## Hard-Hitting Talk Coming from Ike

WASHINGTON (AP)—President Eisenhower was described by a high government official today as ready to back his request for new missile and air defense funds with a hard-hitting message to Congress.

This official, who has seen advance drafts of the State of the Union address Eisenhower will deliver in person Thursday, said, "This is not a message of platitudes or complacency."

"The President intends to tackle the major problems headon," he said. "It will be a vigorous message that we believe will have the approval of most members of Congress."

Senate Democratic Leader Lyndon B. Johnson of Texas, who heads a senatorial inquiry into the missile and satellite programs applauded Eisenhower's action in asking \$1,260,000,000 of additional money to expand and accelerate the nation's defenses.

Johnson said he hopes Eisenhower follows up the move with "a call to arms" in addressing Congress.

SEN. SMATHERS (D-Fla.), who heads the Democratic Senatorial Campaign Committee, said that so far as he is concerned there won't be any politics played with the missile program. He said:

"The Democrats are united and determined to equalize our military position with that of Russia and to regain our superiority."

Sen. Humphrey (D-Minn.) said that as far as he can find out there has been no shortage of defense funds and no actual shortage of scientists to carry out the missile program.

"But the administration has

## Wry Humor Used By Ike's Adviser

WASHINGTON (AP)—Dr. James R. Killian, President Eisenhower's scientific adviser, speaking to the Women's National Press Club, told about a young woman attending her first party in Washington.

By Killian's account she had a few drinks and then told the hostess: "I feel a lot more like I do now than when I came in."

The scientist-administrator said that is the best way "to explain how I feel after being in Washington for two months."

been short of will power and of direction," he said. "Congress can't lay down the policy for this program. It is up to the President to administer it and he should do it forthrightly."

Eisenhower's scientific adviser, Dr. James R. Killian Jr., said one major need is for a more constant research effort.

He told the Women's National Press Club that he believes "the United States today is technologically strong and growing stronger."

"I do not believe that we have lost our technological leadership," he said, "nor that we are predestined to lose it in the future—provided we increase our technological zest and audacity and do not fail to remedy our weaknesses."

## \$2,009 Paid Ike for Not Growing Grain

NEW YORK (AP)—The New York Times said today President Eisenhower's farm at Gettysburg, Pa., received soil bank payments of \$2,009.60 for not growing corn and wheat in the last two years.

A Washington dispatch to the newspaper said the farm also got federal payments for conservation practices.

Department of Agriculture officials were quoted as saying the conservation payments were "well under" the \$1,500 limit permitted for any farm.

The Times story also said the soil bank payments were made under the acreage-reserve phase of the multimillion-dollar plan authorized in 1956 and aimed at reducing production of major surplus crops, including corn, wheat, cotton, rice and tobacco.

The payments to the Eisenhower farm were shown in records of the Agriculture Department's Commodity Stabilization Service, in Adams County, Pa.

Eisenhower's name does not appear on the office records. Dealings of the office are through George Allen, a friend of the President's farm operations.

CANTON (AP)—The new president of the Ohio-West Virginia Assn. of YMCA Secretaries is Jerold M. Panas of Alliance. He was elected here late Tuesday.

## Defense Chief Outlines Needs

Ike's Emergency Fund Request Gets Backing

WASHINGTON (AP)—Secretary of Defense McElroy told the House Appropriations Committee today on the whole, our military position is sound but missile programs must be accelerated.

He testified behind closed doors as hearings started on President Eisenhower's emergency request for \$1,260,000,000 in new defense funds.

Recent Soviet scientific and technological progress, McElroy told the committee, makes it both desirable and prudent to accelerate promptly programs outlined here today.

President Eisenhower requested the hurry-up supplemental appropriation Tuesday only a few hours after Congress had convened for its new session.

Chairman Mahon (D-Tex.) said he hoped to conclude the hearings within 10 days and have legislation ready for consideration by the House this month. The missile money bill is expected to be the first major legislation considered this year.

Mahon said "It is my feeling that Congress will quickly provide funds for the missile program."

HOUSE SPEAKER Sam Rayburn (D-Tex.) said he favors appropriating "whatever amount of money is necessary" for defense programs.

Similar indications of quick, favorable consideration of the bill came from the Senate, where Republican Leader Knowland of California said, "The Senate Appropriations Committee will be able to give it consideration just as soon as the House acts."

Democratic Leader Lyndon B. Johnson of Texas said, "There is no question but that Congress will promptly and sympathetically consider the President's request and act on it."

Senators Saltonstall (R-Mass.) and Smathers (D-Fla.) were among others favoring prompt action, and Sen. Allott (R-Colo.) predicted that "in the mood it is in, Congress will appropriate more money for defense than can be spent intelligently."

The President asked for \$219 million to speed up and expand construction of alert and dispersal facilities of the Strategic Air Force, \$683 million to develop and procure long-range ballistic missiles and to build missile sites and missile-firing submarines; \$329 million to establish a system for detecting and defending against enemy ballistic missiles, and \$29 million to extend the semiautomatic ground environment system of defense communications.

In addition, Eisenhower asked for power to transfer \$110 million in now available funds to expand the missile program and related defense projects.

## Cold Air Stays In Circleville

Air cold enough to make your teeth chatter still lingered in Circleville today.

According to the weatherman local citizens are advised to keep their coats handy and heavy blankets on the bed for tonight is supposed to be another cold one.

Skies are slated to be fair but the mercury probably will dip to the 4-12 above mark. Last night's low was registered at seven above, and Thursday's outlook calls for fair and a little warmer with a high of 28-34 expected.

## Home Damaged Here by Fire

A blaze yesterday at 5 p. m. destroyed three rooms of Clarence Robinson's residence at 375 Weldon Ave.

Members of the family said the fire apparently started in the kitchen. They told firemen that they heard an explosion and found the kitchen in flames.

Chief Palmer Wise and crew fought the blaze for about two hours before bringing it under control. They used one large line and two small ones to subdue to raging flames.

The amount of loss was undetermined chief Wise said.

## Highway Costs Up \$10 Billion

No Building Slowdown Seen By Federal Aide

WASHINGTON (AP)—Secretary of Commerce Weeks reported to Congress today that the estimated cost of completing the nation's 41,000-mile superhighway network has jumped \$10 billion.

Nevertheless, he recommended that new appropriations to the states be based on the higher cost figures. But the secretary said that even though the cost estimates were up 37 per cent as compared with two years ago, he would not now recommend any increased taxes to finance the program.

He estimated the interstate system of expressways linking all parts of the country would cost \$37,622,000,000.

This compares with the \$27,645,000,000 figure used when the superhighway law was passed 19 months ago.

The estimated cost of completing superhighways in Ohio now is \$2,316,512,000, compared with a 1956 estimate of \$1,613,624,000, Weeks reported. The estimates include federal and state funds.

THE 1956 LAW provided that apportionment of federal funds to the states for the last 10 years of the program be based on the estimated cost of each state's portion. Washington pays 90 per cent of the cost of interstate roads.

The apportionments in the first three years of the program now under way were based on an old formula using chiefly population and current road mileage.

Weeks listed reasons for the big increase in the cost of completing the interstate network.

1. A 15 per cent increase in traffic forecasts for 1975.

2. A 15 per cent boost in costs required by the section of the 1956 law which states that the interstate routes must give full consideration to local needs, such as peak commuter traffic in suburban areas and cities.

3. A 12 per cent increase in construction costs.

## Family of 11 Loses Home in Rural Blaze

A fire that leveled the home of the Cecil Johnson family, Route 1, Circleville, yesterday destroyed whatever Christmas cheer the nine children of the family had. The fire was caused by a blazing chimney in a nearby smokehouse.

The Kingston and Tarlton Fire Departments were unable to save the burning structure and little of the furniture or clothing.

The fire trucks made three trips for water, but to no avail. The home was on the Paul Adkins and Joseph Noecker farm six miles southeast of Circleville on the Haysville-Adelphi road.

Two children Thelma, 18, and Frances, 16, Adkins are from Mrs. Johnson's first marriage. One of these girls has an amputated leg.

The seven Johnson children are Ellsworth Eugene, 11, Imogene, 9, Mary Louise, 6, Nina Kay, 5, Brenda, 3, Robert, 2, and Orville Kendall, 1. The family has been on relief since 1949. The husband is unable to gain steady work due to many ailments.

ZANESVILLE (AP)—Alfred N. Merrick, 82, of Zanesville, widely known circus band musician of former years, died Tuesday in Mid-dletown.

## By THE ASSOCIATED PRESS

The grocery cartnaper is costly. The grocery store owners and store owners millions of dollars annually.

A cartnaper?

He's the person who makes off with one of those four-wheeled carts used by the customer to haul groceries.

Southern California, which has some of the nation's largest gro-

cery chains and supermarkets, is the hardest hit.

Market owners in four California counties last year had \$1,671,750 worth of carts stolen. The carts disappear at the rate of 1,000 a week. More than 55,000 carts were taken in the area last year.

One chain of 36 grocery stores said it lost an average of \$6,000 worth a month. The carts cost about \$30 each.

"Most of the carts are pushed

away by our customers," one store detective said. "However, we've caught gangs of thieves who make a living peddling the carts (with the store names scratched off) to unethical merchants, junkyards and others."

Chuck Titus, past president of the California Food and Drug Special Agents Assn., said cart-naping is a serious problem.

"If we find some lady using a cart to carry her laundry to the clothesline, she tells us she

found it parked in front of her house," he said. "Many times she's telling the truth."

Southern California grocers are backing a public relations campaign to tell their customers that cart thefts, in the long run, cost the consumer more money.

"I would cut prices tomorrow on dozens of items," one independent merchant said, "if I could be sure no more of my carts would be taken."

### France Asked To Check on U.S. Jet Pilot

PARIS (AP)—The U. S. Embassy today asked France to get information on an Air Force jet pilot forced down in Communist Albania.

The pilot apparently is Maj. Howard J. B. Curran of Pratt, Kan., who disappeared Dec. 23 in a T33 jet trainer on a flight from Chateauroux, France, to Naples.

The United States has no diplomatic relations with the Soviet satellite on the Adriatic, but France has a legation there.

A French Foreign Ministry spokesman said so far the American Embassy had asked only for information on the jet pilot and his plane, not for the French to take action to secure his release. The Americans apparently were waiting for confirmation of his identity and to learn the circumstances of his downing.

Radio Tirana in Albania said Albanian jet fighters forced down a U. S. T33 which trespassed on Albanian territory. It added that the plane came from the direction of the Greek border, and was headed toward Tirana.

JERUSALEM, Israeli Sector (AP)—One week after his Israeli government resigned because of a breach of Cabinet secrecy, Premier David Ben-Gurion and the same five political parties were back in office today.

The new government won a confidence vote from Parliament Tuesday night 76-33 after Ben-Gurion expressed certainty that secrecy would not be broken again.

PARIS (AP)—NATO's Permanent Council today recommended that Western Germany continue support payments for British troops in Europe.

West Germany had asked Britain to drop her demand for continuation of these payments of 50 million pounds—40 million dollars—a year. Britain refused to do so and took the case to NATO.

The recommendation now goes to the two governments for final settlement.

TAIPEI, Formosa (AP)—Retired Maj. Gen. Claire L. Chennault left Taipei tonight for Washington and a checkup at the Walter Reed Hospital. Cancer is eating away his left lung.

The 67-year-old wartime com-mandant (Continued on Page Two)

## Florida Forecast: Snow Flurries

MIAMI (AP)—Snow fell in many north and central Florida towns today and the forecast included snow flurries for the first time in the state's history.

There was enough snow at Blountstown in northwest Florida for children to make snowballs, but in most places the flakes were melting as fast as they fell.

Snow was reported as far south as Lakeland in central Florida. Temperatures plunged into the mid 20s in north Florida and cold weather was predicted for the entire state tonight.

## Hereford Pioneer Dies

ZANESVILLE (AP)—Howard E. Herron, 74, of near Chandlersville, a cattle breeder who with his father brought the first Hereford stock to Ohio more than 50 years ago, died today.

## Hargus Rezoning Issue Revived

The controversial Hargus Creek shopping center rezoning issue came up before a brand new City Council last night.

An ordinance calling for the rezoning of about nine acres of land, lying just north of Hargus Creek and west of Pickaway St., from Class A residential to Class C commercial was introduced. It was referred to the Planning and Zoning Commission—routine for rezoning matters.

There is one change from the original rezoning proposal which was defeated here in July 1956. The new ordinance calls for rezoning the area bounded by Hargus Creek on the south, Kimmel Alley on the north and Spring

Alley on the west. The former western boundary was Court St. The latest proposal, apparently is for the same purpose—construction of a supermarket and possibly several other stores—a shopping center.

The matter first came to issue Feb. 22, 1956 when the Council referred the matter to the Planning and Zoning Commission. Later the commission recommended the area not be rezoned and Council, by a 5-2 vote, refused to rezone the area, both decisions after heated public hearings.

It is reported that a Columbus real estate firm is interested in buying the area for development, particularly for construction of a modern Kroger supermarket.

## Hard-Hitting Talk Coming from Ike

WASHINGTON (AP)—President Eisenhower was described by a high government official today as ready to back his request for new missile and air defense funds with a hard-hitting message to Congress.

This official, who has seen advance drafts of the State of the Union address Eisenhower will deliver in person Thursday, said, "This is not a message of platitudes or complacency."

"The President intends to tackle the major problems head-on," he said. "It will be a vigorous message that we believe will have the approval of most members of Congress."

Senate Democratic Leader Lyndon B. Johnson of Texas, who heads a senatorial inquiry into the missile and satellite programs applauded Eisenhower's action in asking \$1,260,000,000 of additional money to expand and accelerate the nation's defenses.

Johnson said he hopes Eisenhower follows up the move with "a call to arms" in addressing Congress.

SEN. SMATHERS (D-Fla.), who heads the Democratic Senatorial Campaign Committee, said that so far as he is concerned there won't be any politics played with the missile program. He said: "The Democrats are united and determined to equalize our military position with that of Russia and to regain our superiority."

Sen. Humphrey (D-Minn.) said that as far as he can find out there has been no shortage of defense funds and no actual shortage of scientists to carry out the missile program.

"But the administration has

## Wry Humor Used By Ike's Adviser

WASHINGTON (AP)—Dr. James R. Killian, President Eisenhower's scientific adviser, speaking to the Women's National Press Club, told about a young woman attending her first party in Washington.

By Killian's account she had a few drinks and then told the hostess: "I feel a lot more like I do now than when I came in."

The scientist-administrator said that is the best way "to explain how I feel after being in Washington for two months."

## Defense Chief Outlines Needs

Ike's Emergency Fund Request Gets Backing

WASHINGTON (AP)—Secretary of Defense McElroy told the House Appropriations Committee today on the whole, our military position is sound but missile programs must be accelerated.

He testified behind closed doors as hearings started on President Eisenhower's emergency request for \$1,260,000,000 in new defense funds.

Recent Soviet scientific and technological progress, McElroy told the committee, makes it both desirable and prudent to accelerate promptly programs outlined here today.

President Eisenhower requested the hurry-up supplemental appropriation Tuesday only a few hours after Congress had convened for its new session.

Chairman Mahon (D-Tex.) said he hoped to conclude the hearings within 10 days and have legislation ready for consideration by the House this month. The missile money bill is expected to be the first major legislation considered this year.

Mahon said "It is my feeling that Congress will quickly provide funds for the missile program."

HOUSE SPEAKER Sam Rayburn (D-Tex.) said he favors appropriating "whatever amount of money is necessary" for defense programs.

Similar indications of quick, favorable consideration of the bill came from the Senate, where Republican Leader Knowland of California said, "The Senate Appropriations Committee will be able to give it consideration just as soon as the House acts."

Democratic Leader Lyndon B. Johnson of Texas said, "There is no question but that Congress will promptly and sympathetically consider the President's request and act on it."

Senators Saltonstall (R-Mass.) and Smathers (D-Fla.) were among others favoring prompt action, and Sen. Allott (R-Colo.) predicted that "in the mood it is in, Congress will appropriate more money for defense than can be spent intelligently."

The President asked for \$219 million to speed up and expand construction of alert and dispersal facilities of the Strategic Air Force, \$683 million to develop and procure long-range ballistic missiles and to build missile sites and missile-firing submarines; \$329 million to establish a system for detecting and defending against enemy ballistic missiles, and \$29 million to extend the semiautomatic ground environment system of defense communications.

In addition, Eisenhower asked for power to transfer \$110 million in now available funds to expand the missile program and related defense projects.

## Cold Air Stays In Circleville

Air cold enough to make your teeth chatter still lingered in Circleville today.

According to the weatherman local citizens are advised to keep their coats handy and heavy blankets on the bed for tonight is supposed to be another cold one.

Skies are slated to be fair but the mercury probably will dip to the 4-12 above mark. Last night's low was registered at seven above.

Thursday's outlook calls for fair and a little warmer with a high of 28-34 expected.

## Ohioan Heads 'Y' Aides

CANTON (AP)—The new president of the Ohio-West Virginia Assn. of YMCA Secretaries is Jerold M. Panas of Alliance. He was elected here late Tuesday.

## Home Damaged Here by Fire

A blaze yesterday at 5 p. m. destroyed three rooms of Clarence Robinson's residence at 375 Wel-don Ave.

Members of the family said the fire apparently started in the kitchen. They told firemen that they heard an explosion and found the kitchen in flames.

Chief Talmer Wise and crew fought the blaze for about two hours before bringing it under control. They used one large line and two small ones to subdue to raging flames.

The amount of loss was undetermined chief Wise said.

## Gordon Asks City Buy Home On Court St.

Mayor Ben H. Gordon proposed to City Council last night the purchase of a house at 473 N. Court St., the land to be used to enlarge the entrance to Ted Lewis Park.

Council authorized City Solicitor Robert Huffer to prepare legislation on the matter.

Gordon told the lawmakers that the property is owned by Mrs. W. A. Morgan, Washington C. H. He said Mrs. Morgan offered the property to the city first, with a \$9,000 price tag.

The mayor said the enlarged entrance is needed to make ingress and egress from the park easier. He said it would be needed particularly if a proposed swimming pool is constructed south of the park.

Gordon also said he had contacted the Pumpkin Show directors and "they may be able to donate some" toward purchase of the house.

## Woud-Be Burglar Shot by Patrolman

CLEVELAND (AP)—A patrolman shot and killed an East Side man early today as he fled from the scene of an attempted burglary.

James C. White, 31, was killed when he failed to obey a command to halt, said a patrolman Thomas Barrett.

Police had received a telephoned report that two men with crowbars were attempting to break in to the bar. Barrett and his partner in a patrol car arrived as White was running away.

White's companion was arrested. Police identified him as Grover Childs, 30.

## Police Apprehend 3 More Suspects

Three more juveniles allegedly connected with a burglary at Circleville High School during the weekend and one at Walnut St. School Monday night were picked up by local police.

A fourth suspect was picked up Monday morning. Police are continuing the investigation.

## MARKETS

**CIRCLEVILLE HOG MARKETS**  
Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., \$19.50; 220-240 lbs., \$18.85; 240-260 lbs., \$18.35; 260-280 lbs., \$17.85; 280-300 lbs., \$17.35; 300-350 lbs., \$16.85; 350-400 lbs., \$16.35; 180-190 lbs., \$18.85; 160-180 lbs., \$17.85; Sows, \$16.25 down; Stags, \$12.00 down.

**CHICAGO**  
CHICAGO (AP)—(USDA)—Salable hogs 9,500; active on all classes; butchers generally 25 to 50 higher; sows steady to 25 higher; good shipping demand; 2-3 190-220 lbs. butchers 18.25-19.75; 2-3 240-260 lbs. 18.50-19.00; a few lots 1-3 240 lbs. 19.00-19.25; 2-3 280-300 lbs. 18.25-18.75; 2-3 280-300 lbs. 18.00-18.25; larger lots 15.00-16.00; more uniform 200-300 lbs. 16.00-16.50.

Salable cattle 16,000; calves 200; slaughter steers under 1,100 lbs. up steady to 50; 1,100 lbs. and over weak; on prime grade and on good and choice over 1,200 lbs.; heifers steady; other classes mostly steady; a few loads prime steers 29.50-30.00; several loads 30.00; bulk high choice and prime steers 27.00-29.25; good to average choice 22.00-26.75; most average choice 1.100 lbs. up 25.75-26.50; mixed good and choice 25.00-26.00; standard to low choice 18.50-24.50; utility and commercial cows 15.25-17.50; canners and cutters 12.00-15.50; utility and commercial bulks 19.00-21.00; vealers 31.00 down; light culls as low as 10.00; a load of medium to low good 975 lb feeders 20.75.

Salable sheep 10,000; moderately active; slaughter lambs and ewes steady; good to prime woolled lambs 65-105 lbs. 17.25-18.25; utility 15.00-20.00; good and choice mostly good 85-102 lb horn lambs No. 1 pelts 22.75-23.25; cull to choice slaughter ewes 6.50-10.00.

## Mainly About People

Mrs. M. J. Valentine, Route 4, Circleville has entered Mt. Carmel Hospital, Columbus, for observation.

Mrs. Robert Dumm, Kingston, was admitted to Chillicothe Hospital Monday as a medical patient.

Mrs. Bryan Custer, Mrs. Clark Bumgardner and Mrs. W. A. Thomas all of E. Franklin St. recently attended the funeral of their aunt, Mrs. Arch Rannels, 91, of Logan. She was the widow of the late Dr. Arch Rannels of that city. She was instrumental in legislation which made Hocking County beauty spots into state-owned parks.

## Deaths AND FUNERALS

**MATHEW GILPEN**  
Funeral services for Mathew Gilpen, 320 Weldon Ave. will be held at 1 p. m. Thursday at the Deffenbaugh Funeral Home. Burial will be in Jackson Cemetery. Friends may call at the funeral home after 4:30 p. m. today.

**MRS. CORDA S. CLEMENTS**  
Mrs. Corda Snyder Clements, 57, formerly the wife of the late Rev. D. Vause Snyder, well-known evangelist, died at the Chillicothe Hospital, Sunday.

Mrs. Clements suffered a cerebral hemorrhage on Friday morning, and was taken to the Chillicothe hospital shortly before her death, Sunday.

Through 1935-38, she, with the Rev. Snyder, lived at New Lexington, where he was pastor of the Evangelical United Brethren Church, there. Following the pastorate at New Lexington, the Rev. and Mrs. Snyder moved to Tarleton, where they became well-known as an evangelistic team.

Mrs. Clements is survived by her husband, Herman, and several nieces and nephews.

Funeral services were to have been conducted at 2 p. m. today at the Wilson Run Christian Union Church near her home, west of Waverly, with burial in the Waverly cemetery.

## Reds Remain Silent About 'Man' Rocket

By THE ASSOCIATED PRESS  
Dispatches from Moscow Wednesday made no mention of Monday's report about a Russian man-carrying rocket.

The latest dispatches Tuesday, quoted Soviet officials in a position to know as saying they had no information about reports that a Soviet rocket shot up 186 miles shortly after New Year and that a man aboard parachuted successfully.

A Soviet Foreign Office spokesman said he was unable to say anything about the accounts published abroad. He said that so far as he knew no government statement on the matter was in sight.

The deputy director of the Soviet news agency Tass was quoted in a Moscow broadcast heard in London Tuesday as saying it was "completely incomprehensible" to him how Western news agencies obtained the report. The broadcast said Tass knew nothing about the reported flight.

In Washington, the White House said it was not known there whether the report was true.

Washington reports noted a Soviet broadcast Sunday gave a fictional account of the launching of a manned satellite into space and a radio conversation between the passenger and the ground station.

## U.S. Civilian Payroll Hits 3-Year Low

WASHINGTON (AP)—Sen. Byrd (D-Va.) reported today that the federal civilian employment total dropped to 2,330,107 in November, the lowest point in three years.

The total also was 64,217 less than the figure in November a year earlier and 9,887 under that for October 1957.

So far the number of federal jobholders has dropped steadily in each month of fiscal 1958, which began last July 1. This reflects mainly economies made in the Defense Department when the military agencies were ordered to cut back last summer.

## Northeast Battered By Fierce Storm

NEW YORK (AP)—A fierce winter storm, which cost at least 20 lives, moved northeast toward the Canadian maritime provinces today after pummeling the east coast.

Weathermen termed it one of the most intense coastal storms of recent years.

The tempest thrashed the seaboard with avalanches of snow, wind gusts up to 75 miles an hour, sleet, rain and lightning.

Augusta, Maine, was hit by 16 inches of snow. Atlantic City, N. J., got 13.3 inches—the biggest fall there in nearly 17 years.

RRRRR! — Jean Carter, 20, this year's "Maid of Cotton," gives out with a "Brrrrr!" against New York's cold as she poses with a bouquet of cotton. She's from Atlanta, Ga., and is a Vanderbilt university junior. She begins an international cotton tour Jan. 27.

## Councilmen Sworn In; Name Robert Shadley as Clerk

Seven city councilmen were sworn in officially last night at the year's first legislative session.

Taking the oath, which was delivered by Council President Richard Penn, were Joseph Bell, David Crawford, Dudley Carpenter, Boyd Horn, Merle Huffer, William Wyatt and Charles Kirkpatrick.

The solons then named Robert Shadley as clerk to Council, and Fred Nicholas as assistant clerk.

Nicholas, 84, has been council clerk for 54 years. Both men will receive \$50 a month.

Councilman Dudley Carpenter was chosen president pro-tem by his fellow lawmakers.

Council placed on its first reading an ordinance which would vacate a north-south alley, 198 feet long, which runs west of Maplewood Ave. and south from Ohio St. to an east-west alley running between Maplewood Ave. and Route 23.

**THE SURROUNDING** area is all owned by the Container Corporation of America. If vacated, the company will use the area for storage.

New City Solicitor Robert Huffer asked Council for assistance in fighting the \$190,000 suit filed against the city by George Bidinger in connection with the ill-fated garbage ordinance. Council authorized him to prepare legislation.

Legislators also passed an ordinance permitting Huffer to hire former solicitor Kenneth Robbins to complete legal work in connection with issuance of the North end sewer bonds. Robbins is to be paid \$15 an hour for not more than 20 hours.

Clerk Shadley was authorized to advertise a public hearing on rezoning an area just south of Ted Lewis Park for construction of a swimming pool.

A petition asking for construction of curbs and gutters in the Joseph C. Moats Subdivision, including Pontius Lane, Griner Ave. and Moats Drive, by special assessment, was referred to the Service Department.

The 1957 Fire Department report was received and filed. The lawmakers also accepted a claim for \$182.70 presented by Brehmer Greenhouse, for damages suffered when sewer water backed up into the establishment's basement.

After the meeting, President Penn indicated he will make committee appointments by the next session January 21.

Mrs. Herbert Edwards and daughter, Box 136, Kingston.

Mrs. Charles Williams and son, Route 2, Rockbridge.

Mrs. Charles R. Wolfe and son, 927 1/2 Clinton St.

Mrs. Raymond Smith and son, Laureville.

Mrs. Marvin Starkey and daughter, 369 E. Town St.

Russell Teets, Route 4, Circleville.

Mrs. Albert Betts, 373 Weldon Ave.

Mrs. Ollie Frazier and son, Route 2, Laureville.

Linda Ann Bisker, daughter of Mr. and Mrs. Wayne Bisker, Route 2, Ashville.

Deborah Reefer, daughter of Mr. and Mrs. Miles Reefer, 556 N. Pickaway St.

Robert Bush, Route 1, Circleville.

Walter Blankenship, 17, of 433 Watt St., was slightly injured when his car crashed off the highway four miles south of here on the Circleville-Kingston Pike yesterday at 10:45 p. m.

Blankenship was treated for abrasions of the left shoulder. The auto he was driving was demolished.

The driver, traveling north, told Deputy Sheriff Charles Felkey that he lost control on a curve and crashed into a garage owned by Hoyt Timmons, Route 1, Circleville.

By THE ASSOCIATED PRESS  
The current cold weather in Ohio is expected to continue several days. Here is the forecast for the next five days:

Temperatures will average 2 to 5 degrees below normal. Normal high: 35 north; 41 south. Normal minimum: 20 north; 24 south. Slow moderation through Saturday. Colder Sunday and Monday. Occasional snow flurries, mostly near Lake Erie.

The Ohio Department of Highways today listed all highways in the state as open, but snow covered and slippery in spots.

Roads slippery in spots are listed in an area bounded by Sandusky, Bucyrus, Wooster, Akron, Ravenna, Jefferson, Painesville, and Cleveland, and the areas of Youngstown, Cadiz, Woodsfield, McArthur, Ironton, Marion, Mount Gilead, Delaware, Columbus and Bryan.

The Weather Bureau said the winds are not expected to diminish until tonight. If so, they might force a postponement of the firing until Thursday. Winds of 30 m.p.h. could make the launching of a big rocket difficult.

A shoot originally was scheduled for 10:30 a. m. (EST) but "holds" in the countdown normally would be called during unfavorable weather conditions.

The Weather Bureau said the winds are not expected to diminish until tonight. If so, they might force a postponement of the firing until Thursday. Winds of 30 m.p.h. could make the launching of a big rocket difficult.

A shoot originally was scheduled for 10:30 a. m. (EST) but "holds" in the countdown normally would be called during unfavorable weather conditions.

## Gordon Asks City Buy Home On Court St.

Mayor Ben H. Gordon proposed to City Council last night the purchase of a house at 473 N. Court St., the land to be used to enlarge the entrance to Ted Lewis Park. Council authorized City Solicitor Robert Huffer to prepare legislation on the matter.

Gordon told the lawmakers that the property is owned by Mrs. W. A. Morgan, Washington C. H. He said Mrs. Morgan offered the property to the city first, with a \$9,000 price tag.

The mayor said the enlarged entrance is needed to make ingress and egress from the park easier. He said it would be needed particularly if a proposed swimming pool is constructed south of the park.

Gordon also said he had contacted the Pumpkin Show directors and "they may be able to donate some" toward purchase of the house.

## Mainly About People

Mrs. M. J. Valentine, Route 4, Circleville has entered Mt. Carmel Hospital, Columbus, for observation.

Mrs. Robert Dumm, Kingston, was admitted to Chillicothe Hospital Monday as a medical patient.

Mrs. Bryan Custer, Mrs. Clark Bumgardner and Mrs. W. A. Thomas all of E. Franklin St. recently attended the funeral of their aunt, Mrs. Arch Rannels, 91, of Logan. She was the widow of the late Dr. Arch Rannels of that city. She was instrumental in legislation which made Hocking County beauty spots into state-owned parks.

## Deaths AND FUNERALS

**MATHEW GILPEN**  
Funeral services for Mathew Gilpen, 320 Weldon Ave. will be held at 1 p. m. Thursday at the Deffenbaugh Funeral Home. Burial will be in Jackson Cemetery. Friends may call at the funeral home after 4:30 p. m. today.

**MRS. CORDA S. CLEMENTS**  
Mrs. Corda Snyder Clements, 57, formerly the wife of the late Rev. D. Vause Snyder, well-known evangelist, died at the Chillicothe Hospital, Sunday.

Mrs. Clements suffered a cerebral hemorrhage on Friday morning, and was taken to the Chillicothe hospital shortly before her death, Sunday.

Through 1953-54, she, with the Rev. Snyder, lived at New Lexington, where he was pastor of the Evangelical United Brethren Church, there. Following the pastorate at New Lexington, the Rev. and Mrs. Snyder moved to Tarleton, where they became well-known as an evangelistic team.

Mrs. Clements is survived by her husband, Herman, and several nieces and nephews.

Funeral services were to have been conducted at 2 p. m. today at the Wilson Run Christian Union Church near her home, west of Waverly, with burial in the Waverly cemetery.

## Woud-Be Burglar Shot by Patrolman

CLEVELAND (AP)—A patrolman shot and killed an East Side man early today as he fled from the scene of an attempted burglary. James C. White, 31, was killed when he failed to obey a command to halt, said patrolman Thomas Barrett.

Police had received a telephoned report that two men with crowbars were attempting to break in to the bar. Barrett and his partner in a patrol car arrived as White was running away.

White's companion was arrested. Police identified him as Grover Childs, 30.

## Police Apprehend 3 More Suspects

Three more juveniles allegedly connected with a burglary at Circleville High School during the weekend and one at Walnut St. School Monday night were picked up by local police.

A fourth suspect was picked up Monday morning. Police are continuing the investigation.

## MARKETS

**CIRCLEVILLE HOG MARKETS**  
Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

190-220 lbs., \$19.50; 220-240 lbs., \$18.85; 240-260 lbs., \$18.35; 260-280 lbs., \$17.85; 280-300 lbs., \$17.35; 300-350 lbs., \$16.85; 350-400 lbs., \$16.35; 180-190 lbs., \$18.85; 160-180 lbs., \$17.85; Sows, \$16.25 down; Stags, \$12.00 down.

**CHICAGO (AP)—(USDA)—**Salable hogs, 9,500 active on all classes; butchers generally 25 to 30 higher; sows steady to 20 higher; good shipping demand, 23-190-220 lbs. butchers 19.25-19.75; hogs carrying end of No. 1 grade at 19.75; more uniform, 13-190-220 lbs. 19.25-20.00; including 125 head at 20.00; 2-3 240-260 lbs. 18.50-19.00; a few 2-3 260-280 lbs. 18.50-19.00; 2-3 280-300 lbs. 18.25-18.75; a few 3-280-300 lbs. 18.00-18.25; larger lots mixed grade 275-350 lbs. sows 15.00-16.00; more uniform 200-360 lbs. 16.00-16.50.

## Reds Remain Silent About 'Man' Rocket

By THE ASSOCIATED PRESS  
Dispatches from Moscow Wednesday made no mention of Monday's report about a Russian man-carrying rocket.

The latest dispatches Tuesday, quoted Soviet officials in a position to know as saying they had no information about reports that a Soviet rocket shot up 186 miles shortly after New Year and that a man aboard parachuted successfully.

A Soviet Foreign Office spokesman said he was unable to say anything about the accounts published abroad. He said that so far as he knew no government statement on the matter was in sight.

The deputy director of the Soviet news agency Tass was quoted in a Moscow broadcast heard in London Tuesday as saying it was "completely incomprehensible" to him how Western news agencies obtained the report. The broadcast said Tass knew nothing about the reported flight.

In Washington, the White House said it was not known there whether the report was true.

Washington reports noted a Soviet broadcast Sunday gave a fictional account of the launching of a manned satellite into space and a radio conversation between the passenger and the ground station.

## U.S. Civilian Payroll Hits 3-Year Low

WASHINGTON (AP)—Sen. Byrd (D-Va.) reported today that the federal civilian employment total dropped to 2,330,107 in November, the lowest point in three years.

The total also was 64,217 less than the figure in November a year earlier and 9,887 under that for October 1957.

So far the number of federal jobholders has dropped steadily in each month of fiscal 1958, which began last July 1. This reflects mainly economies made in the defense department when the military agencies were ordered to cut back last summer.

## Northeast Battered By Fierce Storm

NEW YORK (AP)—A fierce winter storm, which cost at least 20 lives, moved northeast toward the Canadian maritime provinces today after pummeling the east coast.

Weathermen termed it one of the most intense coastal storms of recent years.

The tempest thrashed the seaboard with avalanches of snow, wind gusts up to 75 miles an hour, sleet, rain and lightning.

Augusta, Maine, was hit by 16 inches of snow. Atlantic City, N. J., got 13.3 inches—the biggest fall there in nearly 17 years.

BRRRRR! — Jean Carter, 20, this year's "Maid of Cotton," gives out with a "Brrrrr!" against New York's cold as she poses with a bouquet of cotton. She's from Atlanta, Ga., and is a Vanderbilt university junior. She begins an international cotton tour Jan. 27.

## Councilmen Sworn In; Name Robert Shadley as Clerk

Seven city councilmen were sworn in officially last night at the year's first legislative session.

Taking the oath, which was delivered by Council President Richard Penn, were Joseph Bell, David Crawford, Dudley Carpenter, Boyd Horn, Merle Huffer, William Wyatt and Charles Kirkpatrick.

The solons then named Robert Shadley as clerk to Council, and Fred Nicholas as assistant clerk. Nicholas, 84, has been council clerk for 54 years. Both men will receive \$50 a month.

Councilman Dudley Carpenter was chosen president pro-tem by his fellow lawmakers.

Council placed on its first reading an ordinance which would vacate a north-south alley, 198 feet long, which runs west of Maplewood Ave. and south from Ohio St. to an east-west alley running between Maplewood Ave. and Route 23.

**THE SURROUNDING** area is all owned by the Container Corporation of America. If vacated, the company will use the area for storage.

New City Solicitor Robert Huffer asked Council for assistance in fighting the \$190,000 suit filed against the city by George Biding in connection with the ill-fated garbage ordinance. Council authorized him to prepare legislation.

Legislators also passed an ordinance permitting Huffer to hire former solicitor Kenneth Robbins to complete legal work in connection with issuance of the North end sewer bonds. Robbins is to be paid \$15 an hour for not more than 20 hours.

Clerk Shadley was authorized to advertise a public hearing on rezoning an area just south of Ted Lewis Park for construction of a swimming pool.

A petition asking for construction of curbs and gutters in the Joseph C. Moats Subdivision, including Pontius Lane, Griner Ave. and Moats Drive, by special assessment, was referred to the Service Department.

The 1957 Fire Department report was received and filed. The lawmakers also accepted a claim for \$182.70 presented by Brehmer Greenhouse, for damages suffered when sewer water backed up into the establishment's basement.

After the meeting, President Penn indicated he will make committee appointments by the next session January 21.

Mrs. Albert Betts, 373 Weldon Ave.

Mrs. Ollie Frazier and son, Route 2, Laurelvale.

Linda Ann Bisker, daughter of Mr. and Mrs. Wayne Bisker, Route 2, Ashville.

## News Briefs

(Continued from Page One)  
manner of the Flying Tigers said he hopes to return in September or October. But many friends seeing him off wondered if he'd make it.

**VIENNA (AP)—**The Communist propaganda network today labeled the new American Congress "the arms race Congress" and made fresh demands for the ouster of Secretary of State Dulles.

Inspired by Tass, the official Soviet news agency, the press and radio of Russia's East European satellites blasted at President Eisenhower's request for additional funds for missile development and air defense programs.

**NEW DELHI, India (AP)—**Prime Minister Macmillan arrived today for talks with Indian Prime Minister Nehru on major issues in the East-West power struggle.

**DIJON, France (AP)—**Jules Rocca, sacristan at St. Michale's Church, cried "miracle" and ran for the priest Tuesday night when he heard a baby crying from the Christmas model of the stable at Bethlehem.

The priest found a baby girl between models of a cow and an ox in the star-decorated stable. After baptizing her Noelle, he called the police.

The baby, believed about 10 days old, was sent to an institution while efforts were made to trace the mother who had abandoned her.

**BERLIN (AP)—**Communist East Germany is struggling with a diaper shortage, a letter published in Neues Deutschland, the official Communist party organ, said.

Complaining that East German factories are filling only about 75 per cent of the need, the writer pointed out: "Diapers are absolutely necessary for babies."

**LONDON (AP)—**A Russian scientist said today the Soviet Union is preparing to launch more earth satellites fitted with "still more intricate equipment than the first two."

K. Maljutin, writing in the navy organ Soviet Fleet, said that rockets for launching the Sputniks are controlled by external air stabilizers and elevators up to a height of 24 miles, and after that by gas elevators made of heat resistant alloys.

## Patrol Group Holds Banquet

The Ohio Auxiliary Highway Patrol held its yearly banquet last night at Benny's Restaurant. Twenty-three members were present.

Guests attending the meeting were Sergeants W. D. Braucher, William Sternad and R. E. Hoskey; Corporal T. N. Taylor, and Patrolmen James Cooper, and Gene Miller, auxiliary instructors.

A business meeting and installation of officers was held. Captain for 1958 will be Lawrence Liston, Jr., Route 3, Circleville. The Williamsport Lieutenant will be Glenn McCoy, Route 1, Williamsport and the Circleville lieutenant is Cecil Roebuck, 1010 N. Court St.

Four sergeants installed are Willard Foreman, Ashville; Wayne Moon, 237 1/2 E. Main St.; Harold Schein, Williamsport, and Lloyd E. Bush, Walter Pickel, 223 E. Mound St. assumed the post of secretary-treasurer.

Lt. J. W. Brooks, district 6 commander of the Highway Patrol, gave a short talk. Incoming Captain Liston and out-going captain, Roebuck also gave short talks.

## Ike May Acquire New Jet Airplane

WASHINGTON (AP)—President Eisenhower may become the first President to fly aboard a jet transport plane.

The White House says Eisenhower has no present plans to replace his propeller-driven, four-engine plane, Columbine III, with a far speedier jet.

But press secretary James C. Hagerty announced the Columbine pilot, Col. William G. Draper, and other key members of the crew will start learning to fly jet aircraft late this month.

Hagerty added there is a possibility the President will switch to a jet transport before his second term ends.

## Mothers Nearing Visits with Sons

HONG KONG (AP)—Three American mothers flew north from Canton today to visit their sons in Red Chinese prisons.

Mrs. Ruth Redmond, Yonkers, N. Y., left the south China port city first on a flight to Shanghai. Her businessman son Hugh, 38, has been in prison there since 1951, serving a life sentence on espionage charges.

Mrs. Jessie Fecteau, Lynn, Mass., and Mrs. Mary Downey, New Britain, Conn., left later on a flight to Peiping. Richard Fecteau and John Downey have been held since 1952 on spying charges, sentenced to 20 years and life, respectively.

**ROTARY SPEAKER**—Clare E. Williams, Marion, president of the General Telephone Co. of Ohio and Ohio Consolidated Telephone Co., which operates the Circleville exchange, will be speaker at the regular noon luncheon meeting of the Circleville Rotary Club tomorrow in the Elks Home.

## Stock Mart Drifts Off After Spurt

NEW YORK (AP)—Oils, motors and aircrafts took losses early this afternoon as the stock market drifted off following an early spurt to the upside.

Losses of key stocks ran from fractions to around a point.

Prices were narrowly higher at the opening as a spill-over from Tuesday's rally on prospects of greater defense spending brought a two-minute lag in the ticker tape.

Profits were taken and various items of discouraging business news depressed sentiment.

Among them was news that Chrysler would lay off 4,000 workers and U. S. Rubber 1,500 in the Detroit area and a drop in crude oil prices in the southwest.

United Aircraft lost about a point. Boeing was off a major fraction.

Gulf Oil dropped about three then halved its loss. Texas Co. and Standard Oil (New Jersey) were behind a little.

Chrysler lost a point, U. S. Rubber lost a fraction and Goodrich and Goodyear held firm.

Bethlehem, Republic Steel and Youngstown Sheet eased but U. S. Steel held firm. General Motors and Ford dropped fractions.

Fractional gains were made by Caterpillar, American Telephone, Dow Chemical and Southern Railway.

Westinghouse Electric dropped around a point. Smaller losses were taken by General Electric, Johns-Manville, American can and Chesapeake & Ohio.

U. S. government bonds moved a bit higher.

## 2 Factors Seen Bringing End To Recession

### Optimists Counting On Military Spending Hike, Home Building Revival

By SAM DAWSON

NEW YORK (AP) — Two factors counted upon today by business optimists to help turn the tide of recession are increased military spending and a revival of home building.

Defense spending has already spurred upward without waiting for the Congress to act. And home builders see the easing in the money market as their best bet.

The questions now are: Will increased defense spending right now and a rush of contract awards that mean spending later on be enough to offset the decline in capital goods spending by industry? And will an easier mortgage market result in many new homes being started?

The shock of the American people of the Russian missiles quickly reversed the Pentagon's spending policies.

In April military spending reached a peak of 42 billion dollars at an annual rate. A wave of economy both in the congress and the administration brought the annual rate below 37 billion in November. The shock of the Sputniks loosened the purse string again. In December the annual rate jumped to 40 billion — the same rate, incidentally, that Defense Secretary McElroy thinks will be set in the fiscal year to start next July.

A House group is starting hearings today aimed at seeing how States should spend in catching up with the Russians.

Industry's spending on capital goods seems likely to slide this year by more than two billion. And recently its liquidation of inventories has been running at a five billion dollar clip.

The role that housing is to play in halting or easing the recession will become clearer when the weather turns better. Easier money and more lenient mortgage terms helped pull the economy out of the 1953-54 recession — in 1955 home building jumped to one and a third million units.

The money ease also helped spark the big surge of building of new industrial plants, commercial and office buildings that became a leading architect of good times.

Many in the construction industry hold that the same thing can happen again this year.

But the questions that others raise include:

How many non-home owners are left who can afford the new houses at their increased prices?

These are a few of the things that the optimists and pessimists debate as they watch the American economy take its first uncertain steps into 1958 — with outer space adding a new uncertainty to those we were trying to learn to live with.

## Asian Flu Epidemic Said Over in Ohio

COLUMBUS (AP) — The Asian Flu epidemic that struck Ohio several months ago apparently has ended, Dr. Ralph E. Dwork, state health director says.

Only 10 new influenza cases were reported throughout the state last week, he said.

At the height of the epidemic in mid-October, a total of 3,370 cases was reported in one week and numerous schools closed.

No influenza-related deaths have been reported during the last five days, but the number totaled 160 during the epidemic.

## Shotgun Kills Boy, 17

CINCINNATI (AP) — A 20-gauge shotgun he was examining discharged Tuesday, killing 17-year-old Jack Keller of nearby Camp Washington.

## Small College Said Missing Its Biggest Opportunity

MIAMI BEACH, Fla. (AP) — America's small colleges can't see the forest for the trees, says a distinguished American educator. Instead of worrying about how they can grow bigger, he said, they should concentrate on blazing new trails in education.

"The small colleges are lucky," said 43-year-old Dr. Frank Taylor, president of New York's Sarah Lawrence University. "They can do what they want to do, they can change their program to fit their students, they can branch out in experimental fields that no larger institution would dare approach."

"There is an aimlessness, a lack of purpose, in our larger institutions. It seems to be more important to get good grades than to care about poetry and drama, more important to get a good job after graduation than to seek out the true values of an education."

Taylor spoke out in an interview after appearing on a panel show Monday night before delegates to the Council for the Advancement of Small Colleges (CASC).

"If small colleges want to be valuable," he told the panel, "they

should break with tradition. The greatest need in education today is fresh ideas, not more seeking of students stamped in the same mold."

Taylor said there were three ways in which small colleges could recapture the experimental educational climate of the 1930s:

1. They could begin program under which students took over the burden of teaching other students on a supervised basis. "This," he said, "could be an exciting experiment, and might develop a generating agency for teachers devoted to teaching—something this country now badly lacks."

2. They could have their students concentrate on only one or two courses taken at a time, "but taken deeply and seriously, with no thought of how many credit hours it might mean. Let's forget the idea that the purpose of a school is to graduate students. Let's concentrate on giving the students an education."

3. They could experiment in their study program. If they wanted, they could teach only science—or only poetry, or music or the dance... They don't have to be

bound by what the larger, more rigid institutions are doing.

Some of the larger state universities, Taylor said, have done their best in experimental education—such schools as the universities of Iowa, Michigan, Wisconsin and Minnesota.

"But these schools," he said, "are bound by tradition, by boards of education, by their very size. Only the small non-accredited colleges can revamp their entire program and decide what would be good for the students to learn, and then teach them."

Taylor's views contrasted sharply with those of the CASC. The council, representing 65 non-accredited colleges across the nation, only a short time earlier had announced plans for collecting one million dollars a year for the next three years.

The CASC schools want the money to expand their faculties and facilities and seek recognition along with the nation's larger institutions of learning.

## Licking Countain Heads Poll Officials

COLUMBUS (AP) — Cary C. McKinney of Vanatta, Licking County, is the new president of the Ohio Assn. of Election Officials.

McKinney, who was first vice president, succeeds Marion F. Graven of Wooster as president for a one-year term.

Other officers elected at the ninth annual convention of the association here are James Secombe of Canton, first vice president; John Berger of Crawford County, second vice president; Tom Tardell of Cleveland, secretary, and Mrs. Margaret E. Miller of Zanesville, treasurer.

## Van Wert Man Heads For California Trial

VAN WERT (AP) — A 26-year-old Van Wert man is on his way back to California today to face trial for the murder of Thomas Snow Jr., his former roommate.

Extradited to Riverside, Calif., is James F. Black, accused of shooting and robbing the 31-year-old victim. Snow's body was found in Riverside April 7. Black, who roomed with Snow while the two worked in a Riverside cement plant, was arrested here Nov. 16.

## 'Slim Jim' Gavin Is Noted For Giving Pentagon Jolts

WASHINGTON (AP) — Lt. Gen. James M. Gavin—at 50 the Army's youngest three-star officer—gave the Pentagon a characteristic jolt when he announced he plans to retire as chief of Army research and development.

The wiry, outspoken paratrooper of World War II has startled his superiors frequently.

"I won't compromise my principles and I won't go along with the Pentagon system," he said bluntly.

There was a flood of requests from congressmen that he reconsider his retirement plans. The general, who will be 51 in March and will have completed 30 years' service by then, heads the Army missile program.

"Slim Jim" Gavin's World War II career was spectacular. Since that time he has held various top planning positions. He is credited with being a major force behind the Defense Department decision to let the Army develop long range missiles, and with helping organize the new pentomic divisions for atomic warfare.

Known as a studious man who is generally grave in manner, Gavin rarely raises his voice. His most effective tone is something close to a stage whisper.

But it is a whisper that often echoes far beyond his office, frequently jolting the Pentagon. Statements were made last month when he told the Senate Preparedness subcommittee that the Joint Chiefs of Staff system should be changed by removing the chiefs from command duties, a view which apparently runs counter to prevailing opinion in high military circles.

There have been hints this latest testimony might have had some side effects which bear on Gavin's decision to retire.

## Portsmouth Postal Chieftain Resigns

PORTSMOUTH (AP) — Frank Smith, Portsmouth postmaster who has announced he would seek the Democratic nomination for lieutenant governor in the May primary, resigned Tuesday as postmaster, effective Feb. 1.

Smith would have completed nine years as postmaster next April 1. He received the appointment from President Truman.

He was an unsuccessful candidate for Congress in 1946.

## Actress Has 4th Baby

HOLLYWOOD (AP) — Actress Eleanor Parker has given birth to her fourth child — her first by her marriage to artist Paul Clemens. The six-pound-boy, Paul Day Clemens, was born Tuesday.

## Country School Advantages

When "progress" gets moving old fogeyism becomes a dirty term. It is employed to discountenance anyone who might raise his voice against "progress."

Detractors of the "little red schoolhouse" where a great many distinguished individuals of today get their start in education have had a field day during recent years. Nothing about it was any good, to hear the exponents of "progress."

But educators at Torrance, Calif., have found a phase of the little red schoolhouse to be quite stimulating. The one schoolroom necessarily lumped all of the grades together. A modification of that practice has been put into effect at a Torrance school on an experimental basis. Pupils of the first three grades have been thrown together in one room.

These pupils are farther advanced than

others in arithmetic, reading and language. Younger children learn from the older, and the older are stimulated to assume leadership and responsibility. Ninety per cent of the parents agree their children are happier in the new arrangement.

This advantage of the single room country school has often been noted as multi-room schools with one grade to the room sprang up to replace the little red schoolhouse. But when "progress" takes a grip, it becomes arrogant and denunciatory of everything that preceded the new way.

School planners of the future will be sensible if they do some back-tracking, not to the little red schoolhouse, but to an adaptation of it that takes every possible advantage of opportunities to throw grades together for mutual benefit.

## Antarctica Breeds Own Humor

By Hal Boyle

By RENNIE TAYLOR  
(For Hal Boyle)

McMURDO SOUND, Antarctica (AP)—Antarctica has its own brand of humor. It seems to be part Navy, part IGY and part ice-age foolery. Here are some of the more presentable samples:

A visiting explorer got into a conversation with a scuttiebutt artist and was told that McMURDO SOUND and other Antarctic stations would go on daylight saving time the following midnight. The informant advised the explorer to set his watch an hour ahead immediately. The explorer took this as gospel and started spreading the word even though right now Antarctica is the daylight savinest part of the world. Since last October it has had continuous daylight and will keep on having it until late February.

When people back home ask returning "old explorers" what Antarctica is like, they have a stock answer, first used by chief Seabee tractor driver "Tex" Gardner of Las Cruces, N. M., in blazing a trail across one of the continent's most desolate stretches:

"Hang a bedsheet on the wall and stare at it for 12 hours."

The most dangerous animal in Antarctica is the snow toad. It is all white, lives in only the whitest snow and is pictured by artists in white crayon on white paper. It is supposed to have fun by snatching at the feet of human beings, causing them to fall or by stealing mittens and other articles vital to comfort. The only protection against it is a strip of cerise colored reflecting cloth which supposedly

blinds it and prevents it from doing its dirty work. The cloth strips are worn on the sides of boots or shoes. Most of the men of Deep-Freeze III do without this protection.

There are no barbers, as such, in the Antarctic, but several Navy men take pride in their haircutting talent. Some of the results are startling. Probably the maddest haircut on the continent right now is sported by Raymond R. Semington, a radio man from Sunland, Calif.

Semington's head is mowed all around to the top of his ears, then the hair is trimmed neatly with a page-boy effect in the rear. Looking at his blond head from a distance, you can't tell whether he is coming or going. George Gagnon, the dog expert from New Bedford, Mass., did it.

## Browder Thinks America OK

By George Sokolsky

Earl Browder was for so many years the leader of the Communist Party of America and that party was so influential under his leadership that his lectures at Rutgers University on "Karl Marx and America" are worthy of more than passing attention.

The very first paragraph of the introduction sets the case: "The theories of Karl Marx provide the basic concepts and ideas for the intellectual life of about one-third of the world's population. Among another one-third the exert a strong influence. Only in America has the direct influence of Marxism declined since the war."

In some respects, one might ask, has not the direct influence of Karl Marx declined more rapidly in Soviet Russia than in any other part of the world? Surely, there is no room for Marx's philosophy for the imperialism of Soviet Russia, a system adapted from, the Prussian Treitschke who conceived the system of satellites for the emerging German Empire of the Kaisers.

Also, Marx never favored the restoration of autocracy in Russia, the autocracy of such a one as Ivan the Terrible, as practiced first by Stalin and now by Khrushchev. Also, it might be suggested for discussion whether Marx could ever have believed in the total subordination of the individual to the state, even temporarily, a system so characteristic of Leninism or of the condition of permanent war which Stalin and his successors developed as their means of statecraft.

Browder, to a degree, answers my queries in the following language:

"Leninism and Stalinism are not so much a further development and unfolding of Marxist theory as they are the consequence of a Marxist dilemma—that of men compelled by circumstances, and against their own long-held intellectual convictions, to undertake to build socialism in one of the most backward countries, while the most advanced of industrial nations remain capitalist. Lenin did not see and embrace this dilemma in 1917, when he led in the adoption of socialism as the practical program of the Russian Revolution.

"Lenin, as all Russian Marxists of that time, regardless of other or later divergences, understood the Russian Revolution as a prelude or trigger to the Socialist Revolution in Western Europe and in particular Germany, in which Russia would join as an important but subordinate part."

Lenin was undoubtedly astounded by the Bolshevik success in Soviet Russia, but even more by the failure of the industrial workers of Western Europe and America to respond to his success by calling general strikes and resorting to revolutionary acts in a joyous response to the proletarian revolution in Russia. I recall that at the moment of the Russian Revolution, the Smolny was full of talk of what was going to happen throughout the world, but nothing happened.

Big Bill Haywood, on whom the Bolsheviks depended in the United States, was in prison here. Karl Liebknecht and Rosa Luxemburg were unable to develop a Bolshevik revolution in Germany and before long the split between the German and Russian parties became notorious.

Browder's freedom from Communist Party discipline has undoubtedly opened his mind to the errors of a system of which he was so long a servant. However, it must be remembered that as the proponent of American exceptionalism, he was the author of nationalistic Communism which Tito adopted and is now abandoning. Long before the Communists kicked Browder out of their party, his insistence upon American exceptionalism indicated a break with the Kremlin hierarchy. Only World War II delayed his expulsion from heresy.

His excommunication dramatically established the fact that the American Communist Party was not controlled by Americans; it was a branch of the Kremlin under some kind of ideological control by the Frenchman, Jacques Duclos.

Browder's exceptionalism he restates in this pamphlet: "... the distinctive achievement of America was the abolition of almost all the remnants of pre-capitalist political and economic institutions and practices. The one conspicuous exception was slavery until the Civil War, and its remnants for another century. Despite this anachronism, the United States is the unique example of a great nation which, from its founding, proceeded to sweep away antiquated institutions and folkways incompatible with the needs of modern society.

"Thus America had the 'purist' capitalism, that is, it had the smallest intermixture of semi-feudal remnants. This sweeping character of the American Revolution bestowed upon her, in final outcome, world economic supremacy... made her leader of world progress."

## Relax on Way to Work

By Herman N. Bundesen, M.D.

Most of you probably dread a long bus or train ride to work each morning. You really shouldn't because you can use that time to good advantage.

Whether you stand or sit, it will give you a chance to relax. It will, that is, if you heed these few suggestions.

If you are lucky enough to get a seat make sure you sit so your back rests against the back of the seat. Place both feet comfortably on the floor and let your hands rest easily in your lap.

If you feel like dozing, fine, go ahead. You'll really feel relaxed then. If you prefer, you can read a newspaper, book or magazine. One important don't is—don't sit staring out of the window brooding about your problems or the work that awaits you at the office. This commuting time can be a real help to you if you use it properly.

You won't be able to fall asleep if you have to stand all the way to the office. But that doesn't mean you can't relax.

Stand on both feet with your

weight evenly distributed between them. Don't stand on one foot and then the other thinking you are resting either. It just doesn't work that way. Relax your shoulders, draw in your tummy and lift your chest.

Not only is this a healthy way to get to work, but it's an attractive one as well.

Now you can't forget your posture once you are in the office. Even if there is no one about to see you, you have to sit correctly to prevent that dragged-out feeling at the end of the day.

Make sure your chair is a firm one. Adjust the height of the seat, if you can, so that it is the same as the length of your leg from the bottom of the heel to the back of the knee. Flex your knees and keep them at right angles.

Sit on the back of your thighs instead of the back of your spine. And hold your head and trunk erect with your body centered over your pelvis or tilted forward slightly.

There is a good health reason for all of this. Your blood circulation may slow down if you don't sit or stand properly. Your breathing will become shallow and your lungs won't be exercised properly.

**Question and Answer**  
A. A.: I have severe migraine headaches during my menstrual periods. What treatment would you advise?

Answer: Injection of small doses of testosterone, or male hormones, about one or two weeks before the period, may help.

## Ex-Cincy Judge Dies

CINCINNATI (AP)—Former Judge Edward T. Dixon, 75, who served on common pleas bench here from 1918-1924 and later on city council for five years, died at Good Samaritan Hospital Tuesday.

## The World Today

By James Marlow

WASHINGTON (AP)—Forty years ago today President Wilson presented to Congress and the world his 14 points for ending World War I. They sounded noble. They wound up in ribbons when he got through compromising on them.

He went to the peace conference the ideal of the idealists. And one of the men whom he worked out the peace, cynical Georges Clemenceau of France, said of him: Talking to Wilson is like trying to talk to God.

Clemenceau was one of those who helped bring him down to earth. The others were David Lloyd George of Britain and Vittorio Orlando of Italy. Wilson went there with a minimum of selfish motives. They had plenty.

Although Wilson compromised, he forced the others into compromises too. So the peace was not as bad as it might have been. It was terrible enough. By its harsh treatment of Germany it helped to pave the way for Hitler and World War II.

Of all the 14 points the one which meant the most to Wilson was the last: his call for a League

of Nations, with America a member. That one brought him his greatest grief and worst defeat.

The 14 points were not entirely idealistic. They were intended as propaganda too. They were much less than they appeared to be when Col. Edward M. House, Wilson's confidential diplomatic agent, later explained them.

Yet they did serve an immediate propaganda purpose. Wilson had spread his ideas for a just peace through many long speeches. On Jan. 8, 1918, he wrapped his main points up in one speech, in one-two-three order.

The 14 points are too long to be given here. But some of them can be summarized, with what happened to them. Wilson called for:

1. An end to secret diplomacy. (But the Allies had worked out secret deals for dividing up Germany before this country got into the war. Wilson worked out the peace later behind closed doors with Clemenceau, Lloyd George and Orlando.)

2. Freedom of the seas. (The British wouldn't even accept this as a basis for talking peace.)

3. An end to economic barriers between nations. (House's semiofficial explanation said this really didn't mean

an end to tariffs. And it didn't. Later this country boosted its tariffs to an all-time high, a contributing factor in the world depression which followed.)

4. A "free, open-minded and absolutely impartial adjustment of all colonial claims..." (House explained this didn't mean an end to colonialism. It wasn't intended to deprive Britain or France, the biggest colonial powers, of an inch of territory. It turned out to mean stripping Germany of her colonies.)

Most of the remaining points in effect called for carving up Europe into new states to dismember the German and Austro-Hungarian empires. This laid the groundwork for new dissensions.

The Republicans in Congress, led by Sen. Henry Cabot Lodge, fought Wilson. They insisted on some changes before this country could join the League. There was a possibility that if Wilson agreed to changes the Republican-led Senate might have approved.

But Wilson, who compromised on other points in Europe, refused to compromise on this one at home. In the end he lost both his dream and his health. America retreated into isolation for a generation.

If America had joined the League there might have been no World War II—maybe.

## You're Telling Me!

By HOYT KING  
Central Press Writer

A British professor thinks that in another 20 years average U. S. income will hit \$11,500. How common can cents get?

J. Edgar Hoover reports that major crime increased 7.5 per cent last year. It just goes to show, we aren't shepherding the crooks.

The National Planning Association says we can increase spending by 10 billion dollars by 1960 without increasing taxes. In other words, if we take care of the millions, the billions will take care of themselves.

The U. S. and Russia agreed "in principle" to exchange information in the fields of science, industry and the arts. Obviously, what we don't know won't hurt them.

Exchanging information with Russia in the field of art seems hardly revealing. For a long time now they've been telling the world how black we are painted.

Exchanging scientific information with Russia is academic, too. They've already told us they invented the electric light, the airplane, etc.

It's in the field of industry that we've got the Russians coming and going. And we've got to keep on going, because they're coming.

## Why Blue Cross Is Best Way

You receive Blue Cross benefits in hospital services — not some cash to apply towards paying your bill. And hospital services come high these days . . . usually more than any allowable cash payments.

Blue Cross provides coverage for necessary hospital service including care in semi-private room. More than 52 million persons in the United States — or every third person — are subscribers. Blue Cross is the hospitals own plan and you get the best service any hospital can furnish. It is the most LIBERAL plan available. Persons under 65 years of age who are self-employed or work where there are fewer than five employees may enroll.

Those working where there are five or more employees are eligible for membership through a payroll deduction group.

For full information on forming a payroll deduction group visit enrollment headquarters. Billed at home members are covered under the \$25 deductible contract.

Central Hospital Service, 174 E. Long St. Columbus, Ohio is your local Blue Cross Plan.

## Country School Advantages

When "progress" gets moving old fogeyism becomes a dirty term. It is employed to discountenance anyone who might raise his voice against "progress."

Detractors of the "little red schoolhouse" where a great many distinguished individuals of today get their start in education have had a field day during recent years. Nothing about it was any good, to hear the exponents of "progress."

But educators at Torrance, Calif., have found a phase of the little red schoolhouse to be quite stimulating. The one schoolroom necessarily lumped all of the grades together. A modification of that practice has been put into effect at a Torrance school on an experimental basis. Pupils of the first three grades have been thrown together in one room.

These pupils are farther advanced than

others in arithmetic, reading and language. Younger children learn from the older, and the older are stimulated to assume leadership and responsibility. Ninety per cent of the parents agree their children are happier in the new arrangement.

This advantage of the single room country school has often been noted as multi-room schools with one grade to the room sprang up to replace the little red schoolhouse. But when "progress" takes a grip, it becomes arrogant and denunciatory of everything that preceded the new way.

School planners of the future will be sensible if they do some back-tracking, not to the little red schoolhouse, but to an adaptation of it that takes every possible advantage of opportunities to throw grades together for mutual benefit.

## Antarctica Breeds Own Humor

By Hal Boyle

By RENNIE TAYLOR  
(For Hal Boyle)

McMURDO SOUND, Antarctica (AP)—Antarctica has its own brand of humor. It seems to be part Navy, part IGY and part ice-age foolery. Here are some of the more presentable samples:

A visiting explorer got into a conversation with a scutebutt artist and was told that McMURDO SOUND and other Antarctic stations would go on daylight saving time the following midnight. The informant advised the explorer to set his watch an hour ahead immediately. The explorer took this as gospel and started spreading the word even though right now Antarctica is the daylight savingest part of the world. Since last October it has had continuous daylight and will keep on having it until late February.

When people back home ask returning "old explorers" what Antarctica is like, they have a stock answer, first used by chief Seabee tractor driver "Tex" Gardner of Las Cruces, N. M., in blazing a trail across one of the continent's most desolate stretches:

"Hang a bedsheet on the wall and stare at it for 12 hours."

The most dangerous animal in Antarctica is the snow toad. It is all white, lives in only the whitest snow and is pictured by artists in white crayon on white paper. It is supposed to have fun by snatching at the feet of human beings, causing them to fall or by stealing mittens and other articles vital to comfort. The only protection against it is a strip of cerise colored reflecting cloth which supposedly

blinds it and prevents it from doing its dirty work. The cloth strips are worn on the sides of boots or shoes. Most of the men of Deep-Freeze III do without this protection.

There are no barbers, as such, in the Antarctic, but several Navy men take pride in their haircutting talent. Some of the results are startling. Probably the maddest haircut on the continent right now is sported by Raymond R. Semington, a radio man from Sunland, Calif.

Semington's head is mowed all around to the top of his ears, then the hair is trimmed neatly with a page-boy effect in the rear. Looking at his blond head from a distance, you can't tell whether he is coming or going. George Gagnon, the dog expert from New Bedford, Mass., did it.

## Browder Thinks America OK

By George Sokolsky

Earl Browder was for so many years the leader of the Communist Party of America and that party was so influential under his leadership that his lectures at Rutgers University on "Karl Marx and America," are worthy of more than passing attention.

The very first paragraph of the introduction sets the case:

"The theories of Karl Marx provide the basic concepts and ideas for the intellectual life of about one-third of the world's population. Among another one-third the exert a strong influence. Only in America has the direct influence of Marxism declined since the war."

In some respects, one might ask, has not the direct influence of Karl Marx declined more rapidly in Soviet Russia than in any other part of the world? Surely, there is no room for Marx's philosophy for the imperialism of Soviet Russia, a system adapted from the Prussian Treitschke who conceived the system of satellites for the emerging German Empire of the Kaisers.

Also, Marx never favored the restoration of autocracy in Russia, the autocracy of such a one as Ivan the Terrible, as practiced first by Stalin and now by Khrushchev. Also, it might be suggested for discussion whether Marx could ever have believed in the total subordination of the individual to the state, even temporarily, a system so characteristic of Leninism or of the condition of permanent war which Stalin and his successors developed as their means of statecraft.

Browder, to a degree, answers my queries in the following language:

"Leninism and Stalinism are not so much a further development and unfolding of Marxist theory as they are the consequence of a Marxist dilemma—that of men compelled by circumstances, and against their own long-held intellectual convictions, to undertake to build socialism in one of the most backward countries, while the most advanced of industrial nations remain capitalist. Lenin did not see and embrace this dilemma in 1917, when he led in the adoption of socialism as the practical program of the Russian Revolution.

"Lenin, as all Russian Marx-

ists of that time, regardless of other or later divergences, understood the Russian Revolution as a prelude or trigger to the Socialist Revolution in Western Europe and in particular Germany, in which Russia would join as an important but subordinate part."

Lenin was undoubtedly astounded by the Bolshevik success in Soviet Russia, but even more by the failure of the industrial workers of Western Europe and America to respond to his success by calling general strikes and resorting to revolutionary acts in a joyous response to the proletarian revolution in Russia. I recall that at the moment of the Russian Revolution, the Smolny was full of talk of what was going to happen throughout the world, but nothing happened.

Big Bill Haywood, on whom the Bolsheviks depended in the United States, was in prison here. Karl Liebknecht and Rosa Luxemburg were unable to develop a Bolshevik revolution in Germany and before long the split between the German and Russian parties became notorious.

Browder's freedom from Communist Party discipline has undoubtedly opened his mind to the errors of a system of which he was so long a servant. However, it must be remembered that as the proponent of American exceptionalism, he was the author of nationalistic Communism which Tito adopted and is now abandoning. Long before the Communists kicked Browder out of their party, his insistence upon American exceptionalism indicated a break with the Kremlin hierarchy. Only World War II delayed his expulsion from heresy.

His excommunication dramatically established the fact that the American Communist Party was not controlled by Americans; it was a branch of the Kremlin under some kind of ideological control by the Frenchman, Jacques Duclos.

Browder's exceptionalism he restates in this pamphlet:

"... the distinctive achievement of America was the abolition of almost all the remnants of pre-capitalist political and economic institutions and practices. The one conspicuous exception was slavery until the Civil War, and its remnants for another century. Despite this anachronism, the United States is the unique example of a great nation which, from its founding, proceeded to sweep away antiquated institutions and folkways incompatible with the needs of modern society.

"Thus America had the 'purist' capitalism, that is, it had the smallest intermixture of semi-feudal remnants. This sweeping character of the American Revolution bestowed upon her, in final outcome, world economic supremacy... made her leader of world progress."

## "Mary Haworth's Mail"

DEAR MARY HAWORTH: I have been married a few years and my relationship with my husband is quite normal. Recently I became very friendly with a nice young man whom I adore; but there is no misbehavior on my part with him.

Now he has to go away to another town and we want to correspond with each other. Should these letters be read by or to my husband? Has he got the right to see the letters I receive? If he sees the letters, what will be his reactions to the few comments my friend makes about me, my house and my talents?

I am afraid my husband may misunderstand; and I dread the consequences. Please advise me in this matter.

V. Y.

DEAR V.Y.: As you know, proverbs contain the wisdom of the ages. They tell the truth in a nutshell. And on reading your letter I am reminded of the saying: "The guilty ever tremble."

You have a guilty mind about your desire to further a correspondence with this young man, and thus perpetuate and pursue a disorderly relationship with him. Disorderly in the sense that it is a form of embezzlement against your marriage; it is treachery of sorts, a breach of emotional integrity, a knowing split in loyalty, in your behavior as a wife. It confirms a course of action, and promotes a brand of feeling on your part that is irregular, confused and divisive.

It spells trouble of sorts for yourself and the two men most intimately concerned — trouble that will be proportionate to the degree that you care for one another.

So stop throwing dust in your eyes, with such nonsensical considerations as whether your husband would have a right to read the love letters you visualize. As for his reactions—if he has good common sense, he would be angered and shamed by your treachery; and appalled at your lack of foresight and weakness of character.

## Few Changes Slated for TV This Season

NEW YORK (AP)—In most fields of endeavor crystal ball gazing is a hazardous pastime. But some people in television feel they can reduce it almost to a science—"though don't quote me personally."

The basic logic of the television programming prophets is simply this: What worked best last year is most likely to work best this. On such a basis the anonymous prophets of the industry visualize these general trends visible on the home screen in 1958:

Over-all, there are presently no signs of important innovations in TV programs this year. Things will be much as they were in 1957.

The safest prophecy of all is that we'll see more Westerns than ever before. This, apparently, is by public demand.

The latest Nielsen rating report shows, for example, that of the 10 TV programs with the largest average audiences five are Westerns.

Many of the prophet are certain that there will be a vast decline in the number of weekly musical variety shows.

There is some talk that comedians—so absent from the set in the fall season—will return as numerous as they were a couple of years ago.

But the only comedian now positively slated to stage a comeback in a weekly slot is Sid Caesar, whom ABC-TV launches Jan. 26.

## Niles Gets Summon By Pollution Panel

COLUMBUS (AP)—The Ohio Water Pollution Control Board has ordered the Niles mayor and city councilmen to appear Feb. 11 to show why the city's application for renewal of a sewage discharge permit should not be denied.

The city's permit expired last Dec. 15 and it had been issued on condition the city award contracts for building a sewage disposal plant. Plans for the plant have been approved and the city has been collecting a sewage charge to finance the plant.

This charge was cut in half last fall.

ter, in embracing passing temptation with foolish fervor.

It is your husband's clear understanding of your folly, not his "misunderstanding," that you dread. Thus my advice is to face that fact and nip trouble in the bud, by not corresponding with the "adored" young man. Instead, thank God that he is going away to another town; and let him alone, to find legitimate heart-interests in the field of womankind.

M. H.

DEAR MARY HAWORTH: Some months ago you advised a young woman who was becoming involved with a middle-aged married man. What would be your advice to a wife who thinks her husband is becoming too interested in a much younger woman?

G. F.

DEAR G.F.: I would advise the wife to love her husband, with re-activated awareness of his true self; and with renewed appreciation of the privilege of sharing his life. And to take a creative interest in making best use of her full potentials as a woman. And to be thoughtfully as attractive to, and considerate of him as she was in courting days. And to pray—"stirring up God's power," (as the Miscal says) in support of their unity.

M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

## Another Democrat Seeks Governorship

COLUMBUS (AP)—A third Cuyahoga County Democrat Tuesday tossed his hat into the primary gubernatorial race.

Michael J. Crosser, who is serving his fourth term in the Ohio House of Representatives, requested petitions for his candidacy.

Cleveland Mayor Anthony J. Celebrezze has already announced and Albert Porter, Cuyahoga County engineer, is circulating petitions. Another Democratic candidate in the race is Mayor M. E. Sensenbrenner of Columbus.

DEAR MARY HAWORTH: I have been married a few years and my relationship with my husband is quite normal. Recently I became very friendly with a nice young man whom I adore; but there is no misbehavior on my part with him.

Now he has to go away to another town and we want to correspond with each other. Should these letters be read by or to my husband? Has he got the right to see the letters I receive? If he sees the letters, what will be his reactions to the few comments my friend makes about me, my house and my talents?

I am afraid my husband may misunderstand; and I dread the consequences. Please advise me in this matter.

V. Y.

DEAR V.Y.: As you know, proverbs contain the wisdom of the ages. They tell the truth in a nutshell. And on reading your letter I am reminded of the saying: "The guilty ever tremble."

You have a guilty mind about your desire to further a correspondence with this young man, and thus perpetuate a disorderly relationship with him. Disorderly in the sense that it is a form of embezzlement against your marriage; it is treachery of sorts, a breach of emotional integrity, a knowing split in loyalty, in your behavior as a wife. It confirms a course of action, and promotes a brand of feeling on your part that is irregular, confused and divisive.

It spells trouble of sorts for yourself and the two men most intimately concerned — trouble that will be proportionate to the degree that you care for one another.

So stop throwing dust in your eyes, with such nonsensical considerations as whether your husband would have a right to read the love letters you visualize. As for his reactions—if he has good common sense, he would be angered and shamed by your treachery; and appalled at your lack of foresight and weakness of character.

# DUV Installs New Officers At Meeting Held Tuesday

Mrs. E. L. Tolbert  
Installing Officer

An installation ceremony for the officers of the Daughters of the Union Veterans of the Civil War was held at the home of Mrs. Cora Coffland, 119 1/2 E. Main St., Tuesday evening.

The installing officer was Mrs. E. L. Tolbert, a past tent president and also a past Ohio department president. She was assisted by Mrs. W. E. Pickens who served as installing guide.

Officers for 1958 include: Mrs. James Pierce, president; Mrs. Richard Moon, senior vice-president; Mrs. Earl Smith, junior vice-president; Mrs. B. M. Wignell, secretary; Mrs. Frank Webbe, treasurer; Mrs. E. L. Tolbert, chaplain; Mrs. James Trimmer, Mrs. Clara Delong and Mrs. Irene Jenkins, council members; Mrs. C. O. Kerns, patriotic instructor; Mrs. H. G. Bausum, Mrs. George Hammel, Mrs. Sylvia Harper and Mrs. Cleon Webb, color bearers; Mrs. Pickens, guide; Mrs. Coffland, guard; Mrs. Daisy Murray, assistant guard; Mrs. Smith, musician and Mrs. Pickens, press correspondent.

Mrs. James Trimmer, retiring president was in charge of the business meeting which preceded the installation ceremony.

The program was in observance of President McKinley's birthday. Mrs. Smith gave an historical sketch of McKinley's life.

Mrs. Tolbert also spoke on McKinley and reminded her listeners that the DUV organization owed much to him. He had used his influence in the legislature to make the DUV state and national organizations a reality.

Mrs. Tolbert read the President's favorite hymns, "Lead Kindly Light" and "Nearer My God To Thee". According to the speaker the president was repeating the words of the latter hymn when death occurred.

The next meeting will be February 4 at the Post Room of the Memorial Hall.

## Personals

Dave Carpenter, son of Mr. and Mrs. Dudley Carpenter, Northridge Road, left Sunday for Purdue University to resume classes on Monday.

Mrs. Turney Pontius, Route 4, Circleville, has returned home after spending several days with her grandchildren while their parents, Mr. and Mrs. Floyd Younkin, Columbus, were in Florida attending the funeral of a friend.

Mrs. Louis Mehs, S. Court St., is home after a vacation in Florida. While there she visited Mr. and Mrs. Gibb Starkey, formerly of Circleville, now of Pompano Beach, Fla.

Jim Carpenter has returned to Ohio State University where he is a student in the graduate school of the College of Commerce. Carpenter is the son of Mr. and Mrs. Dudley Carpenter, Northridge Rd.

Dolores Valentine, daughter of Mr. and Mrs. Loring Valentine, 410 E. Mound St. is back at Neal Hall, Ohio State University from Pasadena where she witnessed the Ohio State-Oregon game at the Rose Bowl.

## Household Hints

Pickled eggs are good to include in an evening snack when there are men present!

Different! Cut apple rings about 1/2 inch thick and fry in butter in a deep skillet; cover with sauerkraut and top with cooked sausage links; cover and steam until hot through.

A little cooked ham in the refrigerator? Dice it fine or grind it and mix with mashed potatoes and an egg. Spoon into muffin cups and dot with butter; bake until hot through and lightly browned.

Use every sprig of that bunch of parsley you bought. Mince it and add to scrambled eggs, to corned beef hash, to French dressing and mayonnaise, to melted butter to be served with fish.

Here's a favorite casserole to serve with charcoal-broiled steak. Dilute condensed cream-of-mushroom soup and mix with cooked drained green snap beans. Heat in the oven; then about five minutes before the beans are ready to come out, top the casserole with canned crisp French-fried onion rings.

Skinless and boneless sardines make a fine company first course when they are served with deviled eggs, celery hearts, pimiento and small crisp inner leaves of romaine. Pass the olive oil and wine vinegar.

A pretty and tasty trick with cauliflower: spike the cooked head with almonds, top with cheese sauce and arrange on serving dish with green peas or beans.

Remove seeds from a cantaloupe and slice into rings. Fill rings with black berries and seedless grapes. Delicious dessert!

Ladyfingers or magarons, used as a base for vanilla custard pudding and sliced bananas, make a delightful dessert.

## Medical Mirror

WHAT DOCTORS SAY ABOUT:

- Mental Telepathy
- Bleeding Gums

Q. Can some people broadcast and receive thought waves?

A. Scientists say that mental telepathy isn't impossible but thought transfer hasn't been proved. The brain does give off tiny electric impulses so in theory, we have a sending device. What's missing in humans is a workable receiving set. Birds and bees must have some sort of sending and receiving apparatus. Birds migrate to the same spot every year and they do it without mishaps, radar, compass or clock. Bees locate water in some mysterious way. To brush this off as instinct explains nothing. Still, in humans, such "supernatural" things haven't been proven. Most mental telepathy studies depend on "guessing" designs on cards. Usually there are 25 cards in the deck, with five different designs. The subject tries to identify the design on each card by "reading the mind" of a person who is looking at the card. Anyone can guess and just by chance get five correct answers. Some people may get seven correct answers. Maybe these are "mind readers," but 18 wrong answers out of 25 isn't anything to write home about.

Q. If the gums bleed is it a sign of pyorrhea?

Letters will be answered in these columns

**BINGMAN'S DRUG STORE**

**ALL METAL UNITS OF SHELVES** — These all metal standing units of shelves are excellent storage space for big articles like suitcases, ice buckets and vaporizers. Two such five-shelf units in your basement might solve your storage problem.

## Try Shelves If You Have A Space Shortage

By JOAN O'SULLIVAN  
(King Features Syndicate)

Apartments and homes never seem to be big enough. There aren't sufficient closets and storage areas to go around. What to do?

Look for more space, and you'll find it, too, on doors and walls, providing you use shelves to put such space to work for you.

Take an armful of door and wall shelves (they come in units, handy for mounting) and let's see where they can be used throughout the house.

**EXTRA KITCHEN SHELF** — Hang an extra shelf in your kitchen for pot lids and plates. You will find it invaluable.

In the kitchen, use units on under-the-sink counter doors. Store detergents, soaps and scouring cloths on them. You'll find such things easier to find if they're neatly shelved instead of stacked on the cabinet floor.

Hang a shelf on the kitchen wall. Hang, two, for that matter. Use one for pot covers or for plates. The other can hold baby foods or spices.

In the bathroom, a shelf comes in handy to show off cosmetics such as bath salts, dusting powder and perfume. It can hold cleansing tissues and creams, too. There are shelves that are decoratively done in glossy black baked enamel with gleaming copper runners that will look pretty on your walls.

What about the linen closet? Use

the door for a shelf that can take such miscellany as shoe shine equipment, soap and insecticides.

In a child's room, wall shelves hold toys, books and records. In an adult bedroom, they can serve for magazine racks or can house sewing equipment, make-up and such.

Hang shelves over the home handyman's work bench for jars and boxes of nails, screws, parts and small tools.

A shelf unit in a hall closet is a good idea for gloves, rubbers, scarves and other winter paraphernalia.

Use shelves to display plants or bric-a-brac.

For larger articles, consider all-metal standing units of shelves. These can fit into big closets or

6 The Circleville Herald, Wed., January 8, 1958  
Circleville, Ohio

**SHELVES ON UNDER-THE-SINK COUNTER DOORS** — These shelves will make a good storage space for soaps, detergents and scouring pads. Things will be easy to find stored thusly.

can be used to organize basement or attic areas.

They range in size from a four-shelf unit that's five feet tall, thirty inches wide and twelve inches deep, to a giant five-shelf model, six feet tall, thirty-six inches wide and eighteen inches deep.

Use them for toys in Junior's bedroom, outdoor tools and gardening supplies in the garage and,

lightly mix finely diced cucumber and scallions into chilled condensing supplies in the garage and, somme madrilene.

in the attic, load them with blanket boxes, luggage and other such bulky things.

No space? Need more storage room? These do-it-yourself ideas provide good answers to both questions.

## AAUW Literature Group Discussion Led by Librarian

Mrs. Enid Denham was discussion leader when the Literature Group of the American Association of University Women met Tuesday at 8 p. m. in the home of Mrs. Robert Doherty, 707 N. Pickaway St.

The book selection on which the discussion was held was "The Old Man of the Sea" by Hemingway.

The book chosen for February will be "Of Human Bondage" by Somerset Maugham.

## Two Clubs To Hold Joint Meeting

Two Home Demonstration clubs will hold a joint meeting from 10 a. m. to 3 p. m. Thursday at St. Philip's Episcopal Parish House. The clubs are the Deercreek Variety Club and the Roundtown Busy Bees.

Miss Mabel Spray, Ohio State University, will supervise the lesson on "Managing Family Dollars and Cents". Home Demonstration Agent, Mrs. Leora Sayre, says that any Pickaway County Homemaker is welcome to attend the meeting.

## St. Philip's Women's Aux. To Meet Tonight

When the Women's Auxiliary of St. Philip's Episcopal Church meets tonight at 8 p. m. in the Episcopal Parish House Mrs. Howard Moore, choir director, will present an informal program on Church Music. Mrs. Leora Sayre will be in charge of the business session.

## DUV Installs New Officers At Meeting Held Tuesday

Mrs. E. L. Tolbert  
Installing Officer

An installation ceremony for the officers of the Daughters of the Union Veterans of the Civil War was held at the home of Mrs. Cora Coffland, 119½ E. Main St., Tuesday evening.

The installing officer was Mrs. E. L. Tolbert, a past tent president and also a past Ohio department president. She was assisted by Mrs. W. E. Pickens who served as installing guide.

Officers for 1958 include: Mrs. James Pierce, president; Mrs. Richard Moon, senior vice-president; Mrs. Earl Smith, junior vice-president; Mrs. B. M. Wignell, secretary; Mrs. Frank Webb, treasurer; Mrs. E. L. Tolbert, chaplain; Mrs. James Trimmer, Mrs. Clara Delong and Mrs. Irene Jenkins, council members; Mrs. C. O. Kerns, patriotic instructor; Mrs. H. G. Bausum, Mrs. George Hammel, Mrs. Sylvia Harper and Mrs. Cleon Webb, color bearers; Mrs. Pickens, guide; Mrs. Coffland, guard; Mrs. Daisy Murray, assistant guard; Mrs. Smith, musician and Mrs. Pickens, press correspondent.

Mrs. James Trimmer, retiring president was in charge of the business meeting which preceded the installation ceremony.

The program was in observance of President McKinley's birthday. Mrs. Smith gave an historical sketch of McKinley's life.

Mrs. Tolbert also spoke on McKinley and reminded her listeners that the DUV organization owed much to him. He had used his influence in the legislature to make the DUV state and national organizations a reality.

Mrs. Tolbert read the President's favorite hymns, "Lead Kindly Light and Nearer My God to Thee". According to the speaker the president was repeating the words of the latter hymn when death occurred.

The next meeting will be February 4 at the Post Room of the Memorial Hall.

## Personals

Dave Carpenter, son of Mr. and Mrs. Dudley Carpenter, Northridge Road, left Sunday for Purdue University to resume classes on Monday.

Mrs. Turney Pontius, Route 4, Circleville, has returned home after spending several days with her grandchildren while their parents, Mr. and Mrs. Floyd Younkin, Columbus, were in Florida attending the funeral of a friend.

Mrs. Louis Mebs, S. Court St., is home after a vacation in Florida. While there she visited Mr. and Mrs. Gibb Starkey, formerly of Circleville, now of Pompano Beach, Fla.

Jim Carpenter has returned to Ohio State University where he is a student in the graduate school of the College of Commerce. Carpenter is the son of Mr. and Mrs. Dudley Carpenter, Northridge Rd.

Dolores Valentine, daughter of Mr. and Mrs. Loring Valentine, 410 E. Mound St. is back at Neal Hall, Ohio State University from Pasadena where she witnessed the Ohio State-Oregon game at the Rose Bowl.

## Household Hints

Pickled eggs are good to include in an evening snack when there are men present!

Different! Cut apple rings about ½ inch thick and fry in butter in a deep skillet; cover with sauerkraut and top with cooked sausage links; cover and steam until hot through.

A little cooked ham in the refrigerator? Dice it fine or grind it and mix with mashed potatoes and an egg. Spoon into muffin cups and dot with butter; bake until hot through and lightly browned.

Use every sprig of that bunch of parsley you bought. Mince it and add to scrambled eggs, to corned beef hash, to French dressing and mayonnaise, to melted butter to be served with fish.

Here's a favorite casserole to serve with charcoal-broiled steak. Dilute condensed cream-of-mushroom soup and mix with cooked drained green snap beans. Heat in the oven; then about five minutes before the beans are ready to come out, top the casserole with canned crisp French-fried onion rings.

Skinless and boneless sardines make a fine company first course when they are served with deviled eggs, celery hearts, pimiento and small crisp inner leaves of romaine. Pass the olive oil and wine vinegar.

A pretty and tasty trick with cauliflower: spike the cooked head with almonds, top with cheese sauce and arrange on serving dish with green peas or beans.

Remove seeds from a cantaloupe and slice into rings. Fill rings with black berries and seedless grapes. Delicious dessert!

Ladyfingers or macarons, used as a base for vanilla custard pudding and sliced bananas, make a delightful dessert.

## Medical Mirror

- Mental Telepathy
- Bleeding Gums

Q. Can some people broadcast and receive thought waves?  
A. Scientists say that mental telepathy isn't impossible but thought transfer hasn't been proved. The brain does give off tiny electric impulses so in theory, we have a sending device. What's missing in humans is a workable receiving set. Birds and bees must have some sort of sending and receiving apparatus. Birds migrate to the same spot every year and they do it without mishaps, radar, compass or clock. Bees locate water in some mysterious way. To brush this off as instinct explains nothing. Still, in humans, such "supernatural" things haven't been proven. Most mental telepathy studies depend on "guessing" designs on cards. Usually there are 25 cards in the deck, with five different designs. The subject tries to identify the design on each card by "reading the mind" of a person who is looking at the card. Any one can guess and just by chance get five correct answers. Some people may get seven correct answers. Maybe these are "mind readers" but 18 wrong answers out of 25 isn't anything to write home about.

Q. If the gums bleed is it a sign of pyorrhea?

A. No, but most bleeding from the gums is due to some local trouble. (The word pyorrhea simply means a discharge). Bleeding may be due to encrusted tartar on the teeth, to food packed between the teeth and gums, or to dental plates that cut or pinch. Gum bleeding, especially if it occurs often, can be a sign of general disease. If your gums bleed frequently consult a dentist or physician.

Material in MEDICAL MIRROR is based on various scientific publications and does not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease requires the skill and knowledge which only a physician can apply by personally attending the patient.

Letters will be answered in these columns

**BINGMAN'S DRUG STORE**

**ALL METAL UNITS OF SHELVES** — These all metal standing units of shelves are excellent storage space for big articles like suitcases, ice buckets and vaporizers. Two such five-shelf units in your basement might solve your storage problem.

## Try Shelves If You Have A Space Shortage

By JOAN O'SULLIVAN  
(King Features Syndicate)

Apartments and homes never seem to be big enough. There aren't sufficient closets and storage areas to go around. What to do?

Look for more space, and you'll find it, too, on doors and walls, providing you use shelves to put such space to work for you.

Take an armful of door and wall shelves (they come in units, handy for mounting) and let's see where

**EXTRA KITCHEN SHELF** — Hang an extra shelf in your kitchen for pot lids and plates. You will find it invaluable.

they can be used throughout the house.

In the kitchen, use units on under-the-sink counter doors. Store detergents, soaps and scouring cloths on them. You'll find such things easier to find if they're neatly shelved instead of stacked on the cabinet floor.

Hang a shelf on the kitchen wall. Hang two, for that matter. Use one for pot covers or for plates. The other can hold baby foods or spices.

In the bathroom, a shelf comes in handy to show off cosmetics such as bath salts, dusting powder and perfume. It can hold cleansing tissues and creams, too. There are shelves that are decoratively done in glossy black baked enamel with gleaming copper runners that will look pretty on your walls.

What about the linen closet? Use

the door for a shelf that can take such miscellany as shoe shine equipment, soap and insecticides.

In a child's room, wall shelves hold toys, books and records. In an adult bedroom, they can serve for magazine racks or can house sewing equipment, make-up and such.

Hang shelves over the home handyman's work bench for jars and boxes of nails, screws, parts and small tools.

A shelf unit in a hall closet is a good idea for gloves, rubbers, scarves and other winter paraphernalia.

Use shelves to display plants or bric-a-brac.

For larger articles, consider all-metal standing units of shelves. These can fit into big closets or

can be used to organize basement or attic areas.

They range in size from a four-shelf unit that's five feet tall, thirty inches wide and twelve inches deep, to a giant five-shelf model, six feet tall, thirty-six inches wide and eighteen inches deep.

Use them for toys in Junior's bedroom, outdoor tools and gardening supplies in the garage and

in the attic, load them with blanket boxes, luggage and other such bulky things.

No space? Need more storage room? These do-it-yourself ideas provide good answers to both questions.

Lightly mix finely diced cucumber and scallions into chilled condenser in the garage and, somme madrilene.

## AAUW Literature Group Discussion Led by Librarian

Mrs. Enid Denham was discussion leader when the Literature Group of the American Association of University Women met Tuesday at 8 p. m. in the home of Mrs. Robert Doherty, 707 N. Pickaway St.

The book selection on which the discussion was held was "The Old Man of the Sea" by Hemingway. The book chosen for February will be "Of Human Bondage" by Somerset Maugham.

## Two Clubs To Hold Joint Meeting

Two Home Demonstration clubs will hold a joint meeting from 10 a. m. to 3 p. m. Thursday at St. Philip's Episcopal Parish House. The clubs are the Deercreek Variety Club and the Roundtown Busy Bees.

Miss Mabel Spray, Ohio State University, will supervise the lesson on "Managing Family Dollars and Cents". Home Demonstration Agent, Mrs. Leora Sayre, says that any Pickaway County Home-maker is welcome to attend the meeting.

## St. Philip's Women's Aux. To Meet Tonight

When the Women's Auxiliary of St. Philip's Episcopal Church meets tonight at 8 p. m. in the Episcopal Parish House Mrs. Howard Moore, choir director, will present an informal program on Church Music. Mrs. Leora Sayre will be in charge of the business session.

## Calendar

### WEDNESDAY

CIRCLE 2, WSCS, FIRST METHODIST Church, 8 p. m., home of Mrs. Hazel Mowery, 831 Pershing Drive.

Culinary Errors Result in Coffee

By MRS. LEORA SAYRE  
Home Economics Agent

It is good for most of us to realize that several food preparations favored by many, were discovered through efforts to satisfactorily camouflage those "left-overs" to which Mr. Mac Noggle recently paid appetizing tribute in "Round town Retrospect. Juan Marzetti is a sort of different "hash".

We can be grateful to the many discoveries from leftovers—planned or otherwise. We can also be grateful to major and minor errors for a lot of foods and other conveniences and pleasures which we enjoy today.

One should not be too fearful in trying something new for fear they might make an error. The apparent error might uncover some startling way or mean.

In reviewing some enjoyable and popular food items which were discovered by accident let's start with a beverage:

Every workday, millions of Americans take a brief break at their place of work to sip the brew of the coffee bean. It seems that this break is one of the world's bigger businesses.

Centuries ago, a poor traveling Arab grew hungry, weak, and weary. Stopping by the wayside, he chopped down a small tree covered with dried berries, made a fire and cooked his rice. He sniffed the fragrance of the half-burned berries, crushed a few, tried to dissolve the hard particles in water, then boiled them. So was brewed the first cup of coffee!

THEN THERE is another reasonable coffee legend. An Arab (could have been the same weary one)—observed the actions of a flock of sheep browsing upon a certain shrub until they became elated and sleepless at night. He brewed the berries of the shrub to make further discovery!

There are many charming tales

Mum Flowers Provide New Insecticide

WASHINGTON (AP)—Agriculture Department chemists have discovered new insecticides which are less harmful to animals than any now in general use.

The department said results of limited toxicity tests with the new compounds and preliminary trials to determine their effectiveness as insecticides have justified application for a public service patent on these materials.

It said, however, efficient methods of manufacture must still be worked out before the new material can become available to the public at a reasonable cost.

The new insecticides are derivatives of chrysanthemum acid found in flowers of the chrysanthemum family.

Another research report says the freshness of highly perishable fruits and vegetables can be maintained better if the fans in refrigerated or heated railroad cars are used while the cars are standing in rail yards.

Failure to keep fans operating in refrigerator cars after reaching terminal markets now is a weak link in shipment of fruits and vegetables, the report said.

The fans normally are operated by the moving car wheels. But, the report said, auxiliary motors can be successfully used to operate these fans when loaded cars are left standing.

Sales Tax Rebates Top \$5 Million

COLUMBUS (AP)—The Ohio Department of Taxation last year paid \$5,489,478 in sales tax stamp redemptions to various organizations and individuals.

Tax Commissioner Stanley J. Bowers said the amount was \$515,306 above the 1956 figure.

"This increased activity is encouraging," Bowers said. "It indicates that more people are obtaining their sales tax receipts from vendors and giving them to various worthy organizations for redemption."

The department last year processed 94,972 applications to redeem sales tax stamps, including 77,098 filed by organizations and 17,874 by individuals.

about macaroni, that very popular food which lends itself to so many appetizing combinations. However, the most romantic one takes us to the Orient.

A young Chinese maiden was preparing some bread dough. Her lover, an Italian sailor, distracted her attention and she completely forgot about her task. Neglected, the dough rose and rose, until finally it overflowed the pan and dripped in strings that dried in the sun. To cover up for the maiden's mistake, the sailor gathered the strings of dried dough and took them to his ship. There the ship's resourceful cook boiled them in a broth. The resulting new dish was introduced and word of its goodness spread until it was soon popular throughout the land.

Everyday some food is burned—but not always with the sweet results of this Indian legend of maple syrup. An Indian squaw was preparing moose meat for her brave, boiling it in the sweet water that came from a tree near her wigwam. While the meat boiled, she kept herself busy with a pair of moccasins. She became so engrossed in her work that she forgot about the meat.

When it suddenly occurred to her that her husband's dinner was about to burn up, she was terrified. Later she wept for joy! Not only was the moose meat done to a turn, but the sweet water had turned into a brown syrup. She tasted it, and nothing sweeter had ever passed her lips.

When her warrior returned, he ate the meat as he had never eaten before. Like a dutiful husband, proud of his wife's culinary efforts, he went out and told the neighbors. They tapped the tree again for some of the sweet water, and every day was feast day while the sap ran.

The doughnut is just about as popular as the coffee which it so often accompanies. The "why" of the hole in the doughnut began aboard a Yankee ship skippered by a Maine sea captain. While at sea, the men would take their doughnuts, a fried cake, such as served in that day in coffee houses, on deck or on the bridge. To keep the fried cakes out of harm, the sailors stuck them on the spoke of the wheel until they had a free hand. Their thrifty captain resented the loss of food made by the hole and ordered the cook to make a doughnut with a hole so that the cake could be hung although the need for the hole is, past, the idea has stuck!

Brown and Serve rolls were "invented" when the baking power ceased for a pan of rolls after a short time in the oven. The baker later entered the cold, pale, partially baked rolls in another pre-heated oven—with great success.

COBA Head To Speak at Dairy Meeting

Richard Kellogg, general manager of the Central Ohio Breeding Assn., will discuss with dairymen the problem of setting up a breeding program for dairy herds at the annual meeting of the Pickaway County Dairy Improvement Assn., Saturday, at the Pickaway County Fairgrounds Coliseum.

Pickaway County farmers also are invited to bring their hay and silage samples to this meeting. The hay and silage show starts at 10 a. m. Trophies will be presented to the best samples in five classes. The classes are grass and corn silage; mixed clover and alfalfa hay. There will also be a discussion of the samples entered in the show.

WHY IT'S MISSOURI—Apparently it's Missouri where the tall corn grows, this photo of Joe Morgan (left) and his father, T. R. Morgan, indicates. The gag shot signalizes their sixth straight year of more than 100 bushels per acre in the Missouri Farmers association corn yield contest. (International)

Farmers Home Administration Analyzing '57 Results, Aims

A number of farm families in Pickaway County are taking a second look at their farm and home records, getting ready to analyze the past year's operations and work out plans for the coming year. J. L. Morrison, county supervisor of the Farmers Home Administration, reported this week.

He explained that help with year-end analysis as a basis for next year's planning is part of the arm management aid that goes with most Farmers Home Administration loans. Farm families using the agency credit develop long-time farm and home plans when they apply for loans to buy, enlarge, or operate their farms, or make certain adjustments and improvements. At the beginning of each year's operations they make a annual plans based on what they intend to accomplish during the year.

The county supervisor supplies each family with a simple farm and home record book as part of the farm management aid. When necessary, he shows the family how to keep track of income, costs, results of specific operations, debt payments, and other items that are parts of the business of farming.

At the end of the farming year,

Ohio Power Co. Plans \$62 Million Expansion

CANTON (AP)—The Ohio Power Co. plans to spend \$62 million for construction and expansion this year.

A. N. Prentice, vice president and general manager, said major projects will be construction and expansion of power generating plant, including those at Captina and Graham station, W. Va., and Beverly, Ohio.

The noon meal will include a fish dinner.

The afternoon program will be Kellogg's discussion, and also a talk and pictures of India by C. L. Blackman, extension dairyman, who just returned from that country where he assisted in establishing an extension program similar to ours here in the United States.

the farmer and his wife find out how their farming operations matched up with the plans they had made. To help do this they set a definite date to meet with the Farmers Home Administration county supervisor, and go over their farm and home plans and their filled-in record book.

With the county supervisor's help, they analyze the progress, successes, and mistakes. For example, if their records show that a certain livestock or crop enterprise failed to work out satisfactorily, they look for reasons such as improper feeding or breeding practices, inadequate pasture or housing, seed selection or fertilization. Then they are ready to correct their mistakes and continue good practices, so far as their next year's plans are concerned.

Much of the county supervisor's time during January will be devoted to this part of the agency's farm management service.

County Sheepmen To Meet At Walnut Next Wednesday

The careful shepherd is prepared when lambing time approaches, and that time of the year is almost here. Care of the ewe after lambing and also care of the new lamb are both very important management problems that confront the sheepmen.

Ralph Grimshaw, extension sheep specialist at Ohio State University, will discuss these problems with county sheepmen at the annual meeting of Pickaway County sheepmen at Walnut School at 6:30 p. m. next Wednesday. The program will start with a lamb banquet at 6:30 p. m. Reservations for this banquet should be made at the County Extension Office not later than Friday.

All Pickaway County sheepmen are invited to attend this annual meeting.

Many county sheepmen are familiar with the Ohio Commercial Ewe Flock Production Club. Last year the records of the flocks enrolled in this club were 125 per

cent lambing crop, 109 pounds of lamb marketed per ewe, 10 pounds of wool per ewe and \$29.77 gross sales of lamb and wool per ewe.

The Pickaway County Sheep Improvement has approved such a commercial ewe flock club for Pickaway County. At the January 15 meeting Pickaway County sheepmen will be enrolled in such a club, according to George Hamrick, county agent.

Cunningham at School

Clarence J. Cunningham, associate county agent, Route 3, will be out of his office until January 24. He is attending the required New Agents School at Ohio State University, Columbus.

buy heating "for keeps"!

HEATING IS BASIC

It is a major, lifetime investment for the security and comfort of the whole family. A mistake in equipment can be very costly ... so select heating quality with care. It pays.

The one part of your gas-fired furnace that takes a terrific fire-heating is its very heart ... its heat exchanger. (Note illustration on left.) In ordinary heating equipment its life expectancy may be very low indeed ...

But your furnace's "heating heart" can last a lifetime with Dura-tube

...the "armored heart" heat exchanger that is practically indestructible...found only in the gas-fired deluxe Janitrol Crusader

★ PROOF OF DURABILITY: In nearly ¼ million Janitrol Dura-tubes, in over 5 years, records show there have been no replacements.

★ BETTER THAN CAST-IRON; BETTER THAN STEEL: This process has been approved by American Gas Association for heat exchanger temperatures far beyond that allowed for either cast-iron or for steel!

One of the most important ways of measuring heating quality is its Durability. Dura-tube's actual replacement record of zero in 5 years and in nearly ¼ million tubes, speaks volumes.

Write or call for free booklet: "You Buy Heating for Keeps."

Neglected, the dough rose and rose, until finally it overflowed the pan and dripped in strings that dried in the sun. To cover up for the maiden's mistake, the sailor gathered the strings of dried dough and took them to his ship. There the ship's resourceful cook boiled them in a broth. The resulting new dish was introduced and word of its goodness spread until it was soon popular throughout the land.

Everyday some food is burned—but not always with the sweet results of this Indian legend of maple syrup. An Indian squaw was preparing moose meat for her brave, boiling it in the sweet water that came from a tree near her wigwam. While the meat boiled, she kept herself busy with a pair of moccasins. She became so engrossed in her work that she forgot about the meat.

When it suddenly occurred to her that her husband's dinner was about to burn up, she was terrified. Later she wept for joy! Not only was the moose meat done to a turn, but the sweet water had turned into a brown syrup. She tasted it, and nothing sweeter had ever passed her lips.

When her warrior returned, he ate the meat as he had never eaten before. Like a dutiful husband, proud of his wife's culinary efforts, he went out and told the neighbors. They tapped the tree again for some of the sweet water, and every day was feast day while the sap ran.

The doughnut is just about as popular as the coffee which it so often accompanies. The "why" of the hole in the doughnut began aboard a Yankee ship skippered by a Maine sea captain. While at sea, the men would take their doughnuts, a fried cake, such as served in that day in coffee houses, on deck or on the bridge. To keep the fried cakes out of harm, the sailors stuck them on the spoke of the wheel until they had a free hand. Their thrifty captain resented the loss of food made by the hole and ordered the cook to make a doughnut with a hole so that the cake could be hung aloft, though the idea has stuck!

Brown and Serve rolls were "invented" when the baking power ceased for a pan of rolls after a short time in the oven. The baker later entered the cold, pale, partially baked rolls in another pre-heated oven—with great success.

## COBA Head To Speak at Dairy Meeting

Richard Kellogg, general manager of the Central Ohio Breeding Assn., will discuss with dairymen the problem of setting up a breeding program for dairy herds at the annual meeting of the Pickaway County Dairy Improvement Assn., Saturday, at the Pickaway County Fairgrounds Coliseum.

Pickaway County farmers also are invited to bring their hay and silage samples to this meeting. The hay and silage show starts at 10 a. m. Trophies will be presented to the best samples in five classes. The classes are grass and corn silage; mixed clover and alfalfa hays. There will also be a discus-

WHY IT'S MISSOURI!—Apparently it's Missouri where the tall corn grows, this photo of Joe Morgan (left) and his father, T. R. Morgan, indicates. The gag shot signalsizes their sixth straight year of more than 100 bushels per acre in the Missouri Farmers association corn yield contest. (International)

## Farmers Home Administration Analyzing '57 Results, Aims

A number of farm families in Pickaway County are taking a second look at their farm and home records, getting ready to analyze the past year's operations and work out plans for the coming year. J. L. Morrison, county supervisor of the Farmers Home Administration, reported this week.

He explained that help with year-end analysis as a basis for next year's planning is part of the arm management aid that goes with most Farmers Home Administration loans. Farm families using the agency credit develop long-time farm and home plans when they apply for loans to buy, enlarge, or operate their farms, or make certain adjustments and improvements. At the beginning of each year's operations they make annual plans based on what they intend to accomplish during the year.

The county supervisor supplies each family with a simple farm and home record book as part of the farm management aid. When necessary, he shows the family how to keep track of income, costs, results of specific operations, debt payments, and other items that are parts of the business of farming.

At the end of the farming year,

### Ohio Power Co. Plans \$62 Million Expansion

CANTON (AP)—The Ohio Power Co. plans to spend \$62 million for construction and expansion this year.

A. N. Prentice, vice president and general manager, said major projects will be construction and expansion of power generating plant, including those at Captina and Graham station, W. Va., and Beverly, Ohio.

sion of the samples entered in the show.

The noon meal will include a fish dinner.

The afternoon program will be Kellogg's discussion, and also a talk and pictures of India by C. L. Blackman, extension dairyman, who just returned from that country where he assisted in establishing an extension program similar to ours here in the United States.

## County Sheepmen To Meet At Walnut Next Wednesday

The careful shepherd is prepared when lambing time approaches, and that time of the year is almost here. Care of the ewe after lambing and also care of the new lamb are both very important management problems that confront the sheepmen.

Ralph Grimshaw, extension sheep specialist at Ohio State University, will discuss these problems with county sheepmen at the annual meeting of Pickaway County sheepmen at Walnut School at 6:30 p. m. next Wednesday. The program will start with a lamb banquet at 6:30 p. m. Reservations for this banquet should be made at the County Extension Office not later than Friday.

All Pickaway County sheepmen are invited to attend this annual meeting.

Many county sheepmen are familiar with the Ohio Commercial Ewe Flock Production Club. Last year the records of the flocks enrolled in this club were 125 per

cent lambing crop, 100 pounds of lamb marketed per ewe, 10 pounds of wool per ewe and \$29.77 gross sales of lamb and wool per ewe.

The Pickaway County Sheep Improvement has approved such a commercial ewe flock club for Pickaway County. At the January 15 meeting Pickaway County sheepmen will be enrolled in such a club, according to George Hamrick, county agent.

### Cunningham at School

Clarence J. Cunningham, associate county agent, Route 3, will be out of his office until January 24. He is attending the required New Agents School at Ohio State University, Columbus.

### Meters Really Collect

buy heating "for keeps"!

HEATING IS BASIC

It is a major, lifetime investment for the security and comfort of the whole family. A mistake in equipment can be very costly... so select heating quality with care. It pays.

The one part of your gas-fired furnace that takes a terrific fire-beating is its very heart... its heat exchanger. (Note illustration on left.) In ordinary heating equipment its life expectancy may be very low indeed...

But your furnace's "heating heart" can last a lifetime with

Dura-tube

...the "armored heart" heat exchanger that is practically indestructible...found only in the gas-fired

deluxe Janitrol Crusader

★ PROOF OF DURABILITY: In nearly ¼ million Janitrol Dura-tubes, in over 5 years, records show there have been no replacements.

★ BETTER THAN CAST-IRON; BETTER THAN STEEL: This process has been approved by American Gas Association for heat exchanger temperatures far beyond that allowed for either cast-iron or for steel!

One of the most important ways of measuring heating quality is its Durability. Dura-tube's actual replacement record of zero in 5 years and in nearly ¼ million tubes, speaks volumes.

Write or call for free booklet: "You Buy Heating for Keeps."

# Ex-School Marm Is Head Of Ohio Liquor Department

COLUMBUS, Ohio (AP)—A woman again heads Ohio's powerful Liquor Control Board.

She is Miss Esther R. Hardy of Fremont, former school principal and Republican state representative of Sandusky County for three terms.

Gov. C. William O'Neill appointed Miss Hardy to head the four-member board after the recent resignation of Robert R. Koch, Van Wert Democrat, as chairman. Koch remained on the bi-partisan board.

Miss Hardy is the second woman chairman in the board's history. The first was the late Mrs. Maude McQuate of Cleveland.

The attractive new chairman seldom is at a loss for words until asked about her age. She flashes a friendly smile and her dark brown eyes dance as she turns the question aside with a toss of her dark hair streaked with grey.

She talks about her teaching career that began at the age of 17 in a country school.

"I got paid a salary of \$40 a month and an extra \$2.50 for being my own janitor. And I was a better janitor than school teacher," she laughs.

Later she became a classroom teacher and for 25 years was principal of Hayes Elementary School in Fremont.

"One Sunday I decided to run for the Legislature," she recalls. Elected for three consecutive two-year terms, she was appointed to the liquor board by former Gov. Frank J. Lausche for a four-year term during her last year in the House of Representatives. O'Neill reappointed her to the board last April.

As chairman, Miss Hardy will receive \$6,500 a year. Board members draw \$6,000 annually. Besides Koch, they are E. G. Schuessler of Columbus and James Donnelly of Cleveland. Schuessler and Koch are attorneys.

The board, a quasi-judicial body, makes regulations for Ohio's 220 million dollar a year liquor monopoly system, conducts hearings for violators and considers appeals from liquor department decisions on license applications.

## Old Folks Home Burns

PAWNEE, Okla. (AP)—Twenty elderly patients, including eight invalids, were carried from an old folks home Tuesday as it went up in flames. None was hurt.

Board decisions are subject to appeal to the courts.

Miss Hardy expects to rely on board attorneys for decisions on strictly legal questions but asserts there usually is a human side to most issues.

"They tell me to use common sense," she said. "The legal side must be maintained but you also must consider the human side. We are serving the people as well as the state. We will see that the liquor laws are carried out in the best interests of all the people."

"The liquor business is legal in

## Sabina Finds Itself with 2 Cop Chiefs

SABINA, Ohio (AP)—When the Legislature did away with the post of elected marshal in 1942, it looked as though E. T. Haines, already in his 60s, would be out of the job he had held for years.

But he wasn't.

The village council of this small central Ohio community wanted to keep his services and, by special act, made Haines a permanent police official. The post never was given a specific title, but Haines has been policing Sabina ever since, and in the minds of most people, he's been sort of the chief of police.

Now the village isn't sure, because there seem to be two police chiefs.

In November 1956, the council named Robert Morris head of the police force. He began taking over all the duties of the office. His title is chief of police.

H. W. Hill, who took over as mayor last Wednesday, noticed the matter and decided to clear it up. He studied the circumstances and declared, in effect, that Haines is police chief.

That might have settled it, except that the council said, also in effect, that Haines is a law officer all right, but that Morris is the boss.

A showdown appeared imminent and citizens here crowded into Sabina's council chamber Monday night to witness it.

But nothing happened. The problem wasn't even discussed. Haines and Morris are still on the job, although Morris is now on vacation.

And Sabina's 1,700 residents still wonder who their police chief is.

Ohio. Board members should not let their personal feelings on the wet and dry issue influence their judgment in deciding cases before them."

Last year the board heard about 1,800 citations for violation of liquor regulations. Members have the power to suspend or revoke licenses but not to impose fines as is done in courts for violations of state laws and city ordinances.

Miss Hardy explained that suspension of a liquor permit for only a few weeks often meant more to a tavern operator in lost revenue than fines imposed by courts.

"At present, liquor regulation enforcement is better than at any time since I have been on the board," she observed. "Liquor agents are doing a better job in preparing their evidence against violators. Without sufficient evidence, we have to dismiss charges," she added.

She emphasized that enforcement primarily is up to local officials. Permit fees collected by the state are returned to local subdivisions and are available for enforcement operations, she pointed out.

## Chennault Planning Hospital Checkup

TAIPEI, Formosa (AP)—Retired U. S. Maj. Gen. Claire Chennault, leader of the famed World War II Flying Tigers, is leaving Formosa today for a checkup in Walter Reed Hospital.

Chennault, 67, disclosed before Christmas that he is suffering from cancer of the left lung and that no surgery is possible.

Chennault has been in Taipei since Dec. 13 on business connected with Civil Air Transport Co., of which he is chairman.

## Kentucky Income Tax Cut Asked by Chandler

LOUISVILLE, Ky. (AP)—Gov. A. B. Chandler of Kentucky told the opening of the State Legislature that despite a record budget which he is asking for the next two years, he wants the state's personal income tax cut.

The governor said his proposal would "entitle everyone to have a share" in the two-million-dollar tax cut, made possible, he said, by Kentucky's solid economic outlook and a treasury surplus.

## 3 Women, Convicted Slayers, Slated for Paroles Feb. 20

COLUMBUS, Ohio (AP)—Three women serving sentences for slayings will be paroled Feb. 20 from the Ohio Reformatory for Women at Marysville.

They include 27-year-old Ada Davidson, who was only 17 when she pleaded guilty to a second-degree murder charge in connection with the beating death of Mrs. Edna Adkins in Butler County on Aug. 21, 1947.

Clifford Gayles of Xenia was electrocuted for his part in the slaying of Mrs. Adkins. The Davidson girl and Gayles kidnapped Mrs. Adkins and her 10-year-old son, Paul, in the Adkins car near Middletown. When Ada said she wanted Mrs. Adkins' clothing, Gayles stripped it from her and handed it to Ada in the rear seat. Later, Gayles shoved Mrs. Adkins out of the car, hit her over the head with a gun and also beat

POT SHOT—Harry R. Moore, 70, "Kingfish" of the Amos 'n Andy television show, makes this bland appearance at the Wilshire police station in Hollywood as he is booked on suspicion of assault with a deadly weapon. He found the refrigerator raided of cold roast beef and took a pot shot at his wife of eight months, Vivian, 39. The bullet missed, blasted china cabinet. (International)

her son. Mrs. Adkins died and the son lived.

Gayles and Ada drove on and later Gayles stole a car from another motorist whom he beat.

Ada was indicted on a first-degree murder charge, but pleaded guilty to a reduced charge of second-degree murder. She entered the reformatory Dec. 9, 1947.

Pardon and Parole Commission records show that Gayles shot and killed Ada's sister, Olie Guy near Xenia, when she objected to Ada accompanying Gayles on the ride that resulted in the slaying of Mrs. Adkins.

Twenty-four-year-old Mary Ann Smith, who has been in the reformatory since Jan. 25, 1954, also will be paroled. She is serving a manslaughter sentence for the Dec. 19, 1953, shotgun slaying of her boy friend, Elwood Thompson, a married man, in Huron County. She had chided Thompson on his marksmanship with a shotgun. According to Pardon and Parole Commission records, Thompson invited her to shoot him if she thought she was a better shot. She did.

Carline Arthur, 22, serving a manslaughter sentence for the Nov. 6, 1955, fatal shooting of her common-law husband, Eddie Ferris, will be released on parole. She entered the reformatory from Cuyahoga County Jan. 26, 1956.

The commission granted paroles to 21 other inmates.

## 3 Rebel Generals Finally Cleared

BOWLING GREEN, Ky. (AP)—Three Confederate generals have been cleared of 96-year-old treason and conspiracy charges here.

The indictments were returned in 1862. They popped up last November wedged in a cranny behind an old filing cabinet workmen were moving out of the Warren County courthouse.

The indictments named Lt. Gen. Simon Bolivar Buckner, who later became Kentucky governor; Maj. Gen. John Hunt Morgan, leader of Morgan's Raiders; and Maj. Gen. John C. Breckinridge, elected vice president in 1856 under James Buchanan.

It has been since 1898 that Cuba won its independence from Spain. But, the Cuban ministry of finance reveals that it is still paying 16 million dollars in pensions annually to 7,408 men who fought against the Spaniards.

## Poll Officials Ponder Their Newest Law

COLUMBUS, Ohio (AP)—Ohio's election officials are taking a long look at a law which originated with their association.

The law requires candidates to file campaign expense accounts 30 days or less after an election. When hundreds of candidates failed to do so in November, they were barred from running for office again in Ohio for five years.

But the Ohio Assn. of Election Officials agreed Tuesday to have its legislative committee study the law and work with the next session of the Legislature on possible changes.

Discussing Ohio's latest constitutional amendment, Mrs. Kathleen K. Haase, head of the election section in Secretary of State Ted W. Brown's office, said "ground rules" are being worked out for allowing persons to vote for President without meeting the year-residence requirement.

She said a law must be enacted during the Legislature's 1959 session to make it effective for the 1960 presidential election, adding:

"We are working on a plan to require the elector to prove his right to vote rather than placing that duty on the local board of elections."

## NO MONEY DOWN!

# Circleville, Wilmington Vie for SCOL Leadership

A win for Circleville's cage forces over Wilmington here Friday night would move the Tigers into a first place deadlock in the South Central Ohio League.

Both Circleville and Wilmington own records of two wins and one loss in league play. Washington C. H., leading the loop with a 3-1 record, is not scheduled for league play Friday night.

The game will be all the more interesting by featuring the league's two top scorers in action. Bill Johnson of Circleville has rolled up 69 points in three games for a 23-point average, while Steve Rainer of Wilmington has tallied 59 for a 19.7 average, second in the league. Rainer was an all-league selection in the SCOL last season and rates as an all-round player.

HE stands 6-2 and is a great rebounder in addition to being

fine jump shooter and driver. He also picks up a lot of points underneath on tip-ins.

Wilmington has another top scorer in the league in Dave Nared, a 5-11 guard, who stands 11th in the league with an 11-point average.

Biggest boy on the squad is Jerry McCune, a 6-5 senior, who operates at the pivot spot. The smallest starter is Howard Barps, a 5-9 guard who has been scoring heavily in recent games. He tallied 15 in a losing effort against Waverly Friday.

Rounding out the starting five is Harold Fields, a 5-10 senior who is 13th in the league in scoring with 30 points in 3 games for a 10-point average.

Tiger Coach Dick Boyd said Asa Elsea has been showing rapid improvement in the past two weeks and may replace Dick Smith in

the starting lineup. Elsea stands only 5-10, but he's one of the scrappiest players on the squad and comes up with a lot of rebounds and free balls.

Two elementary school teams will provide halftime entertainment Friday night.

COACH Boyd and Jack Weikert have been working with all 5th and 6th grade boys in the city who are interested in basketball. About 50 boys have taken advantage of the opportunity.

These young players will be Tiger guests and will sit in a special section in the balcony. In addition 12 of the boys have been selected to play a short game during the evening.

They will play the first half of their contest during halftime of the reserve tilt and the second half during varsity game intermission.

## Unioto Stops Walnut, 62-57

### Ross County Team Stages Late Rally

The Tigers of Walnut Twp. put up a valiant struggle but dropped a heartbreaking 62-57 decision at Unioto last night.

Coach Tom Bryant's forces led for three quarters but bowed out in the final frame before a fired up Unioto onslaught.

Unioto, one of the top teams in Ross County, was forced to go all out before downing the stubborn Tigers who made a good showing despite the loss.

Failure at the foul line proved costly to the Pickaway Countians. Both teams scored 23 times from the field but Unioto made good on 16 chances at the charity line while Walnut hit for only 11 and missed 11.

WALNUT used a press throughout with good success but faltered in the rebounding department and at the foul line.

Boyd Barr, hitting mostly from underneath, led the Bryant men with 16 points. Dale Edwards and Danny Slone came through with 12 points each and Bill Smith added 11 to give Walnut its usual good scoring punch.

Slater was high for Unioto with 14 markers. Workman tallied 13 and W. Neff hit for 11.

The Tigers gained some consolation by taking the reserve tilt, 41-37.

## Hoak Voted Most Valuable For Redlegs

CINCINNATI (AP)—Don Hoak, a fellow who generally was considered just a "throw-in" in an off-season trade a year ago, was the most valuable Cincinnati Redleg of the 1957 season in the opinion of the Cincinnati Chapter of the Baseball Writers of America.

More than 400 baseball fans sat in Tuesday night at a baseball writers banquet at which the square-jawed Hoak received the trophy amid speeches that dealt in both fun and seriousness on the possibility the Reds might move from Cincinnati.

Hoak was acquired by the Reds from the Chicago Cubs after the 1956 season in a trade in which Cincinnati's principal interest was a pitcher Warren Hacker. The Reds got Hacker and also Hoak. Hoak had hit only .215 with the Cubs.

Hacker lasted only a few weeks with the Reds but Hoak took over third base immediately, even though the Redlegs still tried to get Willie Jones from the Philadelphia Phillies.

In 149 games Hoak hit .293, drove in 89 runs and hit 19 homers. In receiving the "most valuable" trophy, Hoak said: "If it hadn't been for those other Redlegs this couldn't have happened to me."

## IL Completes Card Thursday

Circleville's Industrial basketball league will wind up its regular season Thursday night with three games on tap.

Interest will center around the Williamsport-Chillicothe River Oil test which will determine second place in the league. Each team has won seven and lost two.

Yingling Hybrids of Amanda made a clean sweep of league honors with eight wins and no losses.

The Hybrid five will be after its ninth straight in a meeting with Ashville Thursday night. The other test of the evening will pit Veterans of Foreign Wars against Stoutsville.

## Texas Cager Chalks Up 75 Points During Tilt

BIG SPRING, Tex. (AP)—Jan Loudermilk racked up 75 points Tuesday night in leading Big Spring High School to a 109-53 victory over Odessa High.

The 17-year-old star, 6-6 and weighing 215, dropped in 31 field goals and 13 free throws. He scored

# Lauralville Five In 65-42 Victory

By J. I. SMITH  
Herald Staff Writer

The Lauralville Wildcats swept the first round of the Hocking County league last night with an easy 65-42 victory over South Bloomingville. The Wildcats are undefeated in league play and are now 10 and 1 for the season, dropping their only game to Hamden.

The game was decided in the late minutes of the first quarter as Lauralville completely dominated the bankboards. At one time during the game the 'Cats took eight consecutive shots before losing the ball. Many other times the Wildcats took three and four field goal attempts before scoring or losing the ball.

South Bloomingville tried to make a game of it in the early minutes of play as it took a 2 to 0 lead on a corner shot by Daubemire. Lauralville's Wendell Frazier tied it up with a jump shot on a feed from Mickey Young.

The South Bloomingville Dodgers then took a 6 to 2 lead on two free throws by Unger and a behind-the-bucket shot by Bainter. But the Wildcats' Tom Eveland broke loose for three quick field goals, aided with scores by Gary Allen and Mickey Young for a 12 to 6 margin and the Dodgers may as well have gone home.

The first quarter score read 14 to 8 in favor of the Wildcats, even though Dave Hinton, a coming ball player, took eight shots from the side and missed them all. In the entire game he made three field goals of 20 attempts. According to Lauralville coach, Lonnie Miller, Hinton was shooting too close to the bucket and not in his usual place from out front of the foul circle.

IN THE SECOND quarter the Dodgers concentrated on stopping Eveland, who hit 10 points in the first period, and let Hinton shoot. Lauralville, slow in getting started, led 30 to 16 at halftime.

South Bloomingville's Tom Justice, who is one of the hottest scorers in the Hocking league with an average of over 20 points, was stopped in his tracks last night. The Wildcats used a roving defense to prevent him from getting shots off.

The Dodgers based its offense around Justice and made the mistake of trying throughout the entire game to feed him the ball. They refused to work the ball in and thereby missed many scoring opportunities as Unger and Daubemire were loose under the bucket.

Lauralville instituted a fast break in the third quarter and led 51 to 30 at the end of the period. As soon as their opponents would shoot, the Wildcats' speedy guard Allen would break down the side and tallied 12 points in this period.

South Bloomingville caught fire for a short time in the second quarter when Justice got hot, but

ed 46 points in the last half. It ran his 19-game total this season to 469, not far short of the 530 he tallied last season. Big Spring has 9 more games to play.

when Lauralville halted this capable ball player, the Dodgers were through.

Lauralville slowed up the pace in the final period and the Dodgers kept on even terms till time ran out. The Wildcats shot 86 times and registered on 29 for a fair 33 per cent average. The Dodgers shot 67 times and scored on 16 for a poor 24 per cent average.

THE TURNOVERS were kept to a minimum as Lauralville had eight compared to South Bloomingville's 10. The Wildcats made seven of 11 free throws and the Dodgers scored on 10 of 23 chances at the charity line.

Allen led the scoring for both teams with 22 points followed by Eveland with 14. Unger led South Bloomingville with 13 points, and Justice had 11 for his poorest night this season.

Lauralville defeated South Bloomingville in the reserve game 25 to 15. Tommy Wiggins with 9 and Ray Hart, 8, led the Wildcat scoring as Unger and Disbennett had 6 each for the Dodgers.

## 10 Cage Tilts Slated Friday

### Darby To Protect County Loop Lead

Pickaway County and area basketball war resumes Friday night with a 10-game schedule. Five of the tests are county league tilts.

Ashville is at Williamsport, Atlanta at Jackson, Pickaway at Darby, Walnut at Monroe, New Holland at Saltcreek, Scioto at Amanda, Lauralville at Rockbridge, Bainbridge at Kingston, Stoutsville at Bremen and Centralia at Huntington.

Three more contests are carded Saturday night. Madison South comes to Ashville for a Darby Valley League encounter, Rushville visits Walnut and Darby makes a trip to Zaleski.

Darby, out to protest its first place standing in the county loop, may run into some trouble with the Pirates of Pickaway. Ashville will run up against a game Williamsport quintet.

WALNUT will be out to revenge an upset at Jackson Friday night and New Holland could face a rugged struggle at Saltcreek. Jackson is expected to win its third in a row in the Atlanta meeting, but Scioto will lock horns with a formidable Amanda team.

Area play will be highlighted by Centralia's trip to Huntington for an important Ross County League tilt.

## Jackson Cage Unit Scores 61-37 Win

The Jackson Wildcats registered their second win in a row last night after seven consecutive defeats with a 61 to 37 victory over Good Hope. Led by Chuck Galloway, who grabbed 26 rebounds during the night, Jackson's victory was never in doubt from the starting whistle.

The Wildcats doubled the score on Good Hope in the first period 16 to 8. Good Hope outscored Jackson in the second period 15 to 14, but the Wildcats held a 30 to 23 lead at halftime.

In the third quarter Good Hope was held to five points as the Wildcats tallied 11 to take a 41 to 28 third quarter lead. Galloway was hitting on his favorite jump shot from the side as Good Hope's Bonecutter was a thorn in the Wildcats' side with a jump shot and hooks.

With all five of Jackson's starters scoring in double figures they wrapped up the game with a 20-point spree in the final quarter. Good Hope could only manage nine.

Bonecutter led both teams with 17 points. Bonecutter was top scorer for Good Hope with 15.

## IL Completes Card Thursday

Circleville's Industrial basketball league will wind up its regular season Thursday night with three games on tap.

Interest will center around the Williamsport-Chillicothe River Oil test which will determine second place in the league. Each team has won seven and lost two.

Yingling Hybrids of A m a n d a made a clean sweep of league honors with eight wins and no losses.

The Hybrid five will be after its ninth straight in a meeting with Ashville Thursday night. The other test of the evening will pit Veterans of Foreign Wars against Stoutsville.

## Texas Cager Chalks Up 75 Points During Tilt

BIG SPRING, Tex. (AP)—Jan Loudermilk racked up 75 points Tuesday night in leading Big Spring High School to a 109-53 victory over Odessa High.

The 17-year-old star, 6-6 and weighing 215, dropped in 31 field goals and 13 free throws. He scor-

# Laurelville Five In 65-42 Victory

By J. I. SMITH  
Herald Staff Writer

The Laurelville Wildcats swept the first round of the Hocking County league last night with an easy 65-42 victory over South Bloomingville. The Wildcats are undefeated in league play and are now 10 and 1 for the season, dropping their only game to Hamden.

The game was decided in the late minutes of the first quarter as Laurelville completely dominated the bankboards. At one time during the game the 'Cats took eight consecutive shots before losing the ball. Many other times the Wildcats took three and four field goal attempts before scoring or losing the ball.

South Bloomingville tried to make a game of it in the early minutes of play as it took a 2 to 0 lead on a corner shot by Daubemire. Laurelville's Wendell Frazier tied it up with a jump shot on a feed from Mickey Young.

The South Bloomingville Dodgers then took a 6 to 2 lead on two free throws by Unger and a behind-the-bucket shot by Bainter. But the Wildcats' Tom Eveland broke loose for three quick field goals, aided with scores by Gary Allen and Mickey Young for a 12 to 6 margin and the Dodgers may as well have gone home.

The first quarter score read 14 to 8 in favor of the Wildcats, even though Dave Hinton, a coming ball player, took eight shots from the side and missed them all. In the entire game he made three field goals of 20 attempts. According to Laurelville coach, Lonnie Miller, Hinton was shooting too close to the bucket and not in his usual place from out front of the foul circle.

IN THE SECOND quarter the Dodgers concentrated on stopping Eveland, who hit 10 points in the first period, and let Hinton shoot. Laurelville, slow in getting started, led 30 to 16 at halftime. South Bloomingville's Tom Justice, who is one of the hottest scorers in the Hocking league with an average of over 20 points, was stopped in his tracks last night. The Wildcats used a roving defense to prevent him from getting shots off.

The Dodgers based its offense around Justice and made the mistake of trying throughout the entire game to feed him the ball. They refused to work the ball in and thereby missed many scoring opportunities as Unger and Daubemire were loose under the bucket.

Laurelville instituted a fast break in the third quarter and led 51 to 30 at the end of the period. As soon as their opponents would shoot, the Wildcats' speedy guard Allen would break down the side and tallied 12 points in this period.

South Bloomingville caught fire for a short time in the second quarter when Justice got hot, but ed 46 points in the last half. It ran his 19-game total this season to 469, not far short of the 530 he tallied last season. Big Spring has 9 more games to play.

when Laurelville halted this capable ball player, the Dodgers were through.

Laurelville slowed up the pace in the final period and the Dodgers kept on even terms till time ran out. The Wildcats shot 86 times and registered on 29 for a fair 33 per cent average. The Dodgers shot 67 times and scored on 16 for a poor 24 per cent average.

THE TURNOVERS were kept to a minimum as Laurelville had eight compared to South Bloomingville's 10. The Wildcats made seven of 11 free throws and the Dodgers scored on 10 of 23 chances at the charity line.

Allen led the scoring for both teams with 22 points followed by Eveland with 14. Unger led South Bloomingville with 13 points, and Justice had 11 for his poorest night this season.

Laurelville defeated South Bloomingville in the reserve game 25 to 15. Tommy Wiggins with 9 and Ray Hart, 8, led the Wildcat scoring as Unger and Disbennett had 6 each for the Dodgers.

## Former Boxing Champ Dies During Workout

CLEVELAND (AP)—Walter Sanders, 23, of Twinsburg, a former Golden Gloves boxing champion, died during a workout at the old Angle Gymnasium Tuesday night. Police said his death apparently is due to natural causes. Sanders won the novice division heavyweight championship in the 1951 Golden Gloves tournament here. The following year he reached the semifinals in the open division.

## 10 Cage Tilts Slated Friday

### Darby To Protect County Loop Lead

Pickaway County and area basketball has resumes Friday night with a 10-game schedule. Five of the tests are county league tilts.

Ashville is at Williamsport, Atlanta at Jackson, Pickaway at Darby, Walnut at Monroe, New Holland at Saltercreek, Scioto at Amanda, Laurelville at Rockbridge, Bainbridge at Kingston, Stoutsville at Bremen and Centralia at Huntington.

Three more contests are carded Saturday night. Madison South comes to Ashville for a Darby Valley League encounter, Rushville visits Walnut and Darby makes a trip to Zaleski.

Darby, out to protect its first place standing in the county loop, may run into some trouble with the Pirates of Pickaway. Ashville will run up against a game Williamsport quintet.

WALNUT will be out to revenge an upset at Jackson Friday night and New Holland could face a rugged struggle at Saltercreek. Jackson is expected to win its third in a row in the Atlanta meeting, but Scioto will lock horns with a formidable Amanda team.

Area play will be highlighted by Centralia's trip to Huntington for an important Ross County League tilt.

## Jackson Cage Unit Scores 61-37 Win

The Jackson Wildcats registered their second win in a row last night after seven consecutive defeats with a 61 to 37 victory over Good Hope. Led by Chuck Galloway, who grabbed 26 rebounds during the night, Jackson's victory was never in doubt from the starting whistle.

The Wildcats doubled the score on Good Hope in the first period 16 to 8. Good Hope outscored Jackson in the second period 15 to 14, but the Wildcats held a 30 to 23 lead at halftime.

In the third quarter Good Hope was held to five points as the Wildcats tallied 11 to take a 41 to 28 third quarter lead. Galloway was hitting on his favorite jump shot from the side as Good Hope's Bonecutter was a thorn in the Wildcats' side with a jump shot and hooks.

With all five of Jackson's starters scoring in double figures they wrapped up the game with a 20-point spree in the final quarter. Good Hope could only manage nine.

Bonecutter led both teams with 17 points. Bonecutter was top scorer for Good Hope with 15.

# Browns' Brown Sweep Honors In Poll of Pros

## 4 Top Honors Voted Speedy Fullback; He Tops Team Tally Too

NEW YORK (AP)—Jimmy Brown, Cleveland's bulldozing fullback, swept the boards in the annual Associated Press poll today, gaining quadruple honors as the player, back and rookie of the year besides getting the most votes on the AP All-Pro team.

The 220-pound musclemen was the only member of the Browns to earn a place on the two-plate team. San Francisco notched four berths while Baltimore, Green Bay and the champion Detroit Lions earned three places each.

Brown was named on all 36 ballots of the sports writers covering the NFL campaign. He received 34 votes for the fullback spot and two for left halfback.

Gino Marchetti of Baltimore attracted the second highest total of votes, 35, for an end position on the defensive team. Detroit's great linebacker Joe Schmidt was next with 34 votes.

He was followed by offensive end Billy Wilson of San Francisco, 33, and Washington's defensive end, Gene Brito, 31.

Eleven players, led by Schmidt and Brito, were repeaters from the 1956 All-Pro team. They included tackle Lou Creekmur and halfback Jack Christensen, Detroit; tackle Roosevelt Brown and halfback Frank Gifford, New York; tackle Art Donovan, Baltimore; middle guard Bill George, Chicago Bears; halfback Ollie Matson, Chicago Cardinals; end Billy Howton, Green Bay; and guard Dick Stanfel, Washington.

Brown, who leaped from All America fame at Syracuse University to a regular fullback berth with the Browns in one year, piled up 33 of the 36 votes to waltz off with the freshman prize. He also received 19 votes as the outstanding back and was named on 14 ballots as the circuit's No. 1 player.

# Monroe Drops Cold Contest

Mt. Sterling and Monroe attempted to play a game resembling basketball last night and Mt. Sterling won it, 42 to 25. Both teams were exceptionally cold with the first quarter score reading 4 to 3, Mt. Sterling.

By halftime Mt. Sterling led 21 to 9. Monroe, a team that has been averaging over 50 points a game, couldn't do anything right. The third quarter score read 22 to 18 with Mt. Sterling leading.

Stump led the scoring for both teams with 13 points and Henry followed with 11. Frank Blair and Larry Bigam had eight each for Monroe.

# Fine Weather Due For Crosby Show

PEBBLE BEACH, Calif. (AP)—Clear weather, sometimes a stranger at Bing Crosby's golfing clambake, was expected to put in a full appearance this weekend as the Crooner stages his show.

The weatherman didn't come right out and say definitely and positively it would be sunny and

# Boating Industry Awestruck By Own Mushrooming Gains

By THE ASSOCIATED PRESS  
During the next couple of months the fellows who among them have put some 35 million Americans afloat during the past few years will be hiring halls to show what's new in small boat recreation.

And what's new is calculated not only to keep 35 million Americans interested but to keep them embarking on every navigable waterway available at the current rate. Weekend voyagers put 300,000 new boats into service last year, twice that many new outboard motors.

The figures were drawn from industry sources who sometimes seem to be awestruck by their own mushrooming statistics. The charge of the multitudes toward water hasn't been matched since the repeal of the Volstead Act, when the trend was the other way.

Part of the secret is hinted in some astonishing associated statistics that show the romance with boats fitted in with the average American's first love, the automobile. In 1947, only 3,790

# SPORTS

## Senior Bowl Teams Prep For Saturday

MOBILE, Ala. (AP)—A full day of drills in near-freezing weather was planned today for both squads as coaches sought winning combinations of platoons for Saturday's Senior Bowl football game.

The North and South battlefields began to shape up tentatively during the first long outdoor drills Tuesday.

South Coach Paul Brown of the Cleveland Browns leaned more to a backfield composed of quarterback George Walker, Arkansas; halfbacks Dick Christy, All America from North Carolina State, and Phil King, Vanderbilt; and fullback Jimmy Taylor, LSU.

North coach Joe Kuharich of the Washington Redskins had two Michigan State players in his No. 1 backfield—quarterback Jim Ninkovic and halfback Walt Kowalczyk. Others in that unit were Mike Sommer, George Washington; and Ray Nitschke, Illinois.

Brown's South team won last year 21-7 to give him a 5-1 Senior Bowl record. Last year was Kuharich's first. The South has won five Senior Bowl games, the North three.

The ninth annual game will be televised by NBC at 3 p. m. EST.

## Bliss College Chalks 2 Wins In One Night

By THE ASSOCIATED PRESS  
Akron and Defiance posted basketball victories Tuesday, but Bliss College, a Columbus business school, stole the spotlight with something new.

The Bookkeepers, who have only lost once this year, played two games in one night and won them both.

Miami-Jacobs College of Dayton was defeated in the opener, 69-58, and then Cincinnati Bible Seminary became Bliss' 18th victim of the season, 87-58.

Akron had little trouble in defeating Western Reserve, 81-32, in Cleveland.

The Zippers built a 28-4 lead as they roared off to their seventh victory in 10 games. Reserve has won two of seven.

In Defiance, the Yellow Jackets swamped Giffin College, a Van Wert business school, 110-48. Defiance now has a 5-1 record.

Ohio Northern was the only other Ohio team to be in action and it suffered a 39-55 setback at Hillsdale in Michigan.

The Polar Bears now have a 3-3 mark and Hillsdale is 2-8.

bright from Thursday through Sunday for the \$50,000 tournament, but he reported "a good chance the weather will be good."

The last few years have seen wind and rain through at least portions of the clambake.

trailers designed to haul small boats on the highway were sold in the U. S.; last year the sales reached 151,000.

The wares scheduled for display in coming boat shows around the country range from 40-foot ocean going cruisers to 6-foot water scooters, with some 400 manufacturers of major and minor marine items joining in one show or another.

First of the big exhibitions is the New York show Jan. 17-26. Biggest of them all is the Chicago National Boat Show, Feb. 7-16.

The other of the big three is the San Francisco show, Feb. 28-March 9.

Emphasis this year will remain on boating as an all family recreation through adaptable utility equipment. Many new boats are in the 1417 foot runabout class designed to do duty as family cruisers, fishing craft and water ski tow boats. Many feature safety and convenience changes including wide beam, higher free board, self bailing motor wells and reinforced transoms.

## Numerous Obstacles Face Dodgers in Hunt for Field

LOS ANGELES (AP)—Baseball someone once said with pithy wisdom—is a game of inches.

No term of measurement could better describe the meager progress made by the Brooklyn Dodgers since they started looking for a place to play in spacious Southern California.

When they left Brooklyn for Los Angeles and announced they wanted to build a magnificent stadium here, they ran into a referendum.

Now they just want to rent a stadium—way out in suburban Pasadena—and they've run into the threat of an initiative.

This state of affairs has prompted the following observation from one member of the Dodger staff: "The situation is getting ridiculous, and what the solution is I frankly don't know."

The latest trouble was brewed by a Pasadena citizens' group that doesn't want the Dodgers in the Rose Bowl, which the team has expressed interest in renting.

At the weekly meeting of the Pasadena City Board of Directors, Atty. Lee G. Paul announced that the Citizens' Committee for the Rose Bowl Municipal Park will

## \$100,000 Pimlico Test Scheduled for May 17

BALTIMORE (AP)—The Preakness, second of the three major races for 3-year-old thoroughbreds, will be run for the 82nd time at Pimlico May 17.

Pimlico will continue to put up \$100,000 for the mile and three-sixteenth race.

It will come two weeks after the Kentucky Derby, first of the three classics making up the triple crown. The finale is the Belmont Stakes in June.

# NCAA Parley To Be Serene

## Rubber-Stamp Action Expected by Group

PHILADELPHIA (AP)—Delegates to the 52nd NCAA convention climaxed their affairs today with hardly a controversial subject in sight.

Apparently this convention was going to be the most serene since the NCAA entered the rules enforcement field nearly a decade ago. The representatives of some 500 colleges were expected to vote rubber-stamp approval of the actions and recommendations of the NCAA Council, Television Com-

mittee, Infractions Committee and other groups.

The annual business session is the only time NCAA members actually can pass new legislation and vote approval or disapproval of council and committee actions.

Their debates have been known to take off on old tangents.

One possibly debatable subject was listed for discussion though it can't come up for a vote until next year. That was the decision of the NCAA Council to provide a loophole for exempting the Army, Navy and Air Force academies from proposed legislation specifically forbidding subsidized precollege and postgraduate education for athletes.

Army and Navy long have offered preparatory or "cramming" programs to help prospective ath-

# Hart Is Favored In Baker Match

CHICAGO (AP)—Sugar Hart, who has scored 19 knockouts in winning 22 fights, is an 11-5 favorite tonight to defeat Larry Baker in another phase of the "welterweight sweepstakes."

Baker, 26, from Mount Vernon, N. Y., is ranked the No. 8 contender by the National Boxing Assn. His record is 21-11-3 with nine kayoes.

Hart, 21-year-old Philadelphian, has a No. 9 ranking after coming along fast with only three losses and a draw in 26 starts. He was a national AAU champion before turning pro in 1954.

## 'Model Boy,' 16, Really a Killer

LOS ANGELES (AP) — Sixteen-year-old Nyals Andreason is the son of a civic leader and school principal in suburban Norwalk. The youth is an Explorer Scout, attends church regularly and works after school in a supermarket for spending money. A model boy? A killer and a member of a teen-age gang of liquor store rob-

bers, sheriff's deputies Tuesday told his shocked father. "This murder thing is so unbelievable I don't know what to say—it's so out of character," said the father, Nyals T. Andreason.

Officers said young Andreason, with his brother Aaron, 14, were members of a gang that took about \$400 in three robberies. In one, liquor store clerk Paul Robertson was fatally shot last Dec. 26.

In another two weeks earlier, a German shepherd watchdog was shot and finally had to be destroyed. Deputies said young Nyals Andreason—wielding a .22-caliber revolver—was the trigger man on both jobs.

Returned to Los Angeles and booked on suspicion of murder and robbery, young Nyals was questioned by Sgt. J. G. Lawton of the sheriff's homicide detail. "He told us all about it," Lawton said.

Lawton said young Nyals identified his brother and four other youths as members of the gang. They were picked up and all were turned over to juvenile authorities.

The elder Andreason told reporters: "He's broken up. He said, 'Dad, I didn't mean to hurt anyone. I was just doing it for a lark. The fellow told us to get out and I was just going to shoot a bottle.'"

Earlier Tuesday, Dr. Purd E. Deitz of St. Louis, general secretary of the Board of National Missions of the Evangelical and Reformed Church, said the spirit of loyalty to a congregation does little to spread the Christian movement.

He told delegates to the opening session of the three-day meeting, the first convocation since last year's merger of the Evangelical and Reformed and Congregational Christian Churches:

"Our emphasis upon loyalty to the local congregation, which is fairly general in Protestantism, does not readily lead to the spread of the Christian movement. It encourages local growth and evangelism; it preserves and conserves many values in our churches. But a wider strategy of growth by division or evangelism by forming new nuclei is rather rare."

On the matter of rapid suburban development, Dr. Deitz declared: "If the three million persons added to our population each year were rather evenly distributed throughout the areas already covered by our churches, the problem of reaching them would not be so complicated."

"But there is the other fact of increasing mobility in all sections of the country, making it necessary to reach new people in new communities. New housing units have been constructed at the rate of about a million each year, and most of these in expanding metropolitan centers."

**New Rescue 'Basket' Tested OK at Dayton**

BALTIMORE (AP)—The Air Research and Development Command Tuesday announced development of an air-sea rescue basket that plucks a downed pilot from the water, life raft and all.

The command said tests were made at its Wright-Patterson Air Development Center at Dayton, Ohio, with the U. S. Coast Guard.

## Ohio National Guard Chiefs Needling Brass

### Decision Is Sought On Future Cutbacks For State Militia

COLUMBUS, Ohio (AP) — Maj. Gen. Leo M. Kreber, Ohio adjutant general and commander of the Ohio National Guard, joined other National Guard officials today in pressing the Army to make a decision on reorganization plans.

Chiefly, the guard officials want a decision on a hinted cutback in what they believe to be an already weak militia force.

"We've had to let out 600 men from the 37th Division because of the national cutback of 40,000 men ordered last May and June," Gen. Kreber said. "What can we say to young men after we exert a lot of effort in getting them into the Guard and then find out that we cannot use them?"

Maj. Gen. William H. Harrison Jr., president of the National Guard Assn. of the United States, and adjutant general of Massachusetts, warned in Washington against further Guard cuts, saying: "This nation has a tremendous investment in its National Guard and any plans that would write-off any part of that investment would not be economically feasible or acceptable to the taxpayers."

Gen. Kreber said there is indication the Pentagon plans to reduce National Guard strength and build up reserve Army forces. "That is a very near-sighted approach," Gen. Kreber said, adding that the Army should not wait any longer with plans to reorganize the Guard along the new pentomic concept (five battle groups for better atomic battlefield employment rather than the three regiment structure).

Gen. Kreber said the present strength of the ONG, 13,000 to 14,000 troops, fits into the pentomic division organization which is about 2,000 men less than the triangular or regimental division.

"We want to have the same organization as the regular Army," Kreber said. "The regular Army is currently adopting the new structure. We went from the old square (two brigades) organization to the triangular organization overnight in World War II. We could do the same with the new reorganization. That is not the problem. It is the uncertainty that makes it hard. How can we plan for future recruitments if we do not know whether the new men can be used in the new organization?"

The House report showed the countries in which the funds were spent. The foreign funds are owned by the United States government and are received under foreign aid programs. They are available for expenses of members of Congress traveling on official business. The customary practice is for the travelers to draw the funds as soon as they step on foreign soil. They do not have to give a detailed accounting of how they spend the money.

**Man Wanted in Ohio Starts New York Trial**

NEW YORK (AP) — Nine jurors have been selected in the first degree murder trial of Leroy Keith, 42, of the Bronx, charged with killing a Jersey City taxicab driver in the Bronx Dec. 20, 1956. Keith, also wanted by Ohio police in connection with a slaying there, is accused of shooting the driver, David Suro, 49, during a holdup.

## Juvenile Court Hears 178 Cases during 1957 Term

Pickaway County Juvenile Court handled 178 cases in 1957 as compared to 162 in 1956, it was reported today.

In addition, Judge Guy Cline's court, had 31 incidental cases in '57 compared to 22 in 1956.

The court handled 86 cases of juvenile delinquency. Involved in theft charges were youths ranging in age from 12-17. Other delinquent behavior, which includes charges of pick-pocketing, black-mail, and some minor offenses, included five children ranging from 13 to 17 old.

There were four cases of carelessness or mischief, ages ranging from 11 to 16. Two official sex cases were handled, involving a girl, 14, and a boy, 13. Three Pickaway County children were ruled ungovernable by the Juvenile Court, involving two girls, 14, and one boy, 17.

SIX CHILDREN were charged with breaking and entering, ages 14 through 17. One boy, 16, committed auto theft. A 13-year-old girl was truant. A boy, 17, gave false testimony in court. This is a total of 97 cases, 86

delinquent and 11 juvenile traffic offenders. According to a recent state law, effective Sept. 14, 1957, a child who violates a traffic ordinance is designated as a "juvenile Traffic Offender".

There were four cases of neglect of children and one special consent granted to a minor for marriage.

A total of 36 adult cases were handled during 1957. Twenty-five cases concerned non-support of minor children, involving 82 children. Six adults were charged with acting in a way tending to cause delinquency of minor children. There was one bastardy case and one case of neglect of minor children. Two paternity cases faced the juvenile court.

Eight boys were committed to the Boys Industrial School, Lancaster, ages ranging from 15 to 17. Six minors were committed to the Juvenile Diagnostic Center, Columbus, ages ranging from 11 to 14 and including one girl.

There were 40 unofficial cases, which are cases brought to the attention of the court and disposed

of without having an "official" complaint filed in the matter. One traffic case appeared before Judge Cline. There were five cases of other delinquent behavior, ages ranging from 14 to 16.

Sixteen cases of other theft were investigated by Pickaway County Juvenile Officer, Karl Hermann, ages ranging from 13 to 17. Two unofficial cases of sex offense were checked.

Three cases of auto theft and 10 cases of minors running away from home also were investigated. Three minors were held for investigation.

Thirty-three minors were committed to a detention home during 1957 for a total of 79 days.

## Crippled Children Society Plans Easter Seal Campaign

The Pickaway County Society for Crippled Children and Adults held its monthly meeting in the Masonic Building yesterday.

The following members were present, the Rev. Charles Reed, Mrs. Mae Groom, Mrs. Dale Ruff, Winfield Koch, Mrs. Harry Betz, Mrs. Helen Pickens, Mrs. Bernard Trecker, Mrs. C. O. Schweizer and Mrs. Roy Parmer. Mrs. Charles Walker presided.

The executive field director of the Ohio Society for Crippled Children attended the meeting. Mrs. Roy Parmer was installed as a new active member.

A business meeting was conducted with reports being presented on the progress of individuals now being helped and new cases were reviewed and approved. The Easter Seal campaign plan

was discussed and committees formed. The general chairman will be Pickaway County Sheriff Charles Radcliff. Vice-chairman will be the Rev. Charles Reed. Mrs. Bernard Trecker will handle publicity. School chairmen will be George Hartman and George McDowell. Winfield Koch will act as mail chairman.

Mrs. C. O. Schweizer will be the town chairman in charge of the Lily Parade and will be assisted by Mrs. Mae Groom. The county chairman will be Mrs. Helen Pickens.

The next meeting will be in February in the Masonic building.

Climax, Colo., has the largest molybdenum mine in the world, providing approximately 70 per cent of the world's demand. Molybdenum is a metallic element used to strengthen steel.

## Golden-Voiced Illinois Solon Also Sports a 'Green Thumb'

By JANE EADS

WASHINGTON (AP)—Sen. Everett McKinley Dirksen (R-Ill.), noted in the halls of Congress for his golden oratorical voice, also has a green thumb, according to his wife.

"He can put a stick in the ground and it will grow," Mrs. Dirksen told me. "I've never seen anything like it."

The powerful middle westerner, who is expected to take over the Republican leadership of the Senate when Sen. William F. Knowland bows out to run for governor of California, has been "putting things in the ground" every spare moment in recent months.

The senatorial green thumb is exercising its talents on the three-acre property at Sterling, Va., on the Potomac River, which the Dirksens are readying as a weekend and holiday Shangri-la.

Since last fall, when building started on an attractive ranch-style house on the property, the couple have been directing their activities from a rented trailer where they often stay over night in good weather.

Dirksen first came to the capital in March 1933, when he was elected to the 73rd Congress. He served in each succeeding Con-

gress until he voluntarily retired in April 1950 to run for the Senate. He was elected to the upper house in November 1950. Currently the Dirksens are living in an apartment hotel and maintaining their rambling old residence in their home town of Pekin, Ill.

Dirksen, according to his wife, is landscaping his Virginia acres so that by next spring, when their house is finished, the place will be in full bloom. He has put in spring shrubs, dogwood, cedar and a variety of other plantings to assure continuous blooming the year around. He is especially fond of roses and gladioli, his wife asserts. The herbs and vegetables, she says, are her "province."

Mrs. Dirksen is also overseeing the decorating and furnishing of the house. She is enthusiastic over the project, especially the planting which gives her husband an opportunity to get outdoors and relax.

The American Cancer Society is an outgrowth of the American Society for the Control of Cancer, established in 1913 to develop programs of public education about cancer.

## 'Model Boy,' 16, Really a Killer

LOS ANGELES (AP) — Sixteen-year-old Nyals Andreason is the son of a civic leader and school principal in suburban Norwalk. The youth is an Explorer Scout, attends church regularly and works after school in a supermarket for spending money.

A model boy?

A killer and a member of a teen-age gang of liquor store rob-

bers, sheriff's deputies Tuesday told his shocked father.

"This murder thing is so unbelievable I don't know what to say—it's so out of character," said the father, Nyals T. Andreason.

Officers said young Andreason, with his brother Aaron, 14, were members of a gang that took about \$400 in three robberies.

In one, liquor store clerk Paul Robertson was fatally shot last Dec. 26.

In another two weeks earlier, a German shepherd watchdog was shot and finally had to be destroyed.

Deputies said young Nyals Andreason—wielding a .22-caliber revolver—was the trigger man on both jobs.

Returned to Los Angeles and booked on suspicion of murder and robbery, young Nyals was questioned by Sgt. J. G. Lawton of the sheriff's homicide detail.

"He told us all about it," Lawton said.

Lawton said young Nyals identified his brother and four other youths as members of the gang. They were picked up and all were turned over to juvenile authorities.

The elder Andreason told reporters: "He's broken up. He said, 'Dad, I didn't mean to hurt anyone. I was just doing it for a lark. The fellow told us to get out and I was just going to shoot a bottle.'"

## Paris, Italy Favored by Touring Solons

WASHINGTON (AP) — Judging by the amount of money they spent, House committees found Paris and Italy the most attractive places during their world wanderings in the last fiscal year.

A report by the House Administration Committee disclosed heavy outlays of French francs and Italian lira by roving representatives of the people during the year ended last June 30.

Reports issued Tuesday showed Senate and House members spent a total of foreign counterpart funds equivalent to \$291,247. Of this \$122,062 was by House travelers and \$169,185 by senators.

The House report showed the countries in which the funds were spent.

The foreign funds are owned by the United States government and are received under foreign aid programs. They are available for expenses of members of Congress traveling on official business. The customary practice is for the travelers to draw the funds as soon as they step on foreign soil. They do not have to give a detailed accounting of how they spend the money.
